

Writing Task - Get to the Point!

Today you have a different kind of writing challenge. Today you will not be writing AS MUCH as you can. Today you will be limited by the amount of words you can use in your story.

Here is what you must do.

- Write a story, with a **beginning, middle and end**.
- Use **all of the 5 words** you have been given in your story.
- Use descriptive language to **SHOW** us, not **TELL** us what happens.
- Keep your story **UNDER 100 words!**
- **MAKE IT INTERESTING!** Try to create drama, mystery, or action in your story!

WORDS I MUST USE		
Delicately	To do something very carefully	<i>"I delicately placed the vase on the table"</i>
Explosion	A violent or shattering apart of an object, like a bomb	<i>"A violent explosion shook the room"</i>
Secretive	Someone who keeps secrets, or hiding information	<i>"I had to tell her, I couldn't keep being secretive"</i>
Strengthen	To make something stronger, or to add support.	<i>"We used braces to strengthen the bridge"</i>
System	A set of things that work together to achieve a purpose	<i>"The alarm bell system worked to tell us there was a break-in"</i>
