

Chive Chèvre

Fresh chèvre blended with fresh chives from our garden. Use or freeze within a couple of weeks. Delicious simply with crackers, or spread on your morning bagel. Try it folded into an omelet, or with smoked salmon on rye crisps.

"Chevre" is French for goat cheese and for goat.

Dill Havarti

A creamy Havarti style cow's milk cheese with dill. Excellent in grilled cheese or omelets! This cheese was made in March with milk from Springdale Farm. Will keep several weeks in the shrink wrap.
