

Clay County District Schools Responsible Use Guidelines Student

Discovering Endless Possibilities

Technology is an integral part of the CCDS curriculum across subjects and grades in developmentally appropriate ways, and it is aligned to the competencies listed in the Florida Standards which include: seek knowledge and understanding; think critically and solve problems; listen, communicate and interact effectively; exhibit strong personal qualities; and engage and compete in a global environment.

Technology Agreement

I understand that using digital devices (whether personal or school owned) and the CCDS network is a privilege, and when I use them according to the Responsible Use Guidelines I will keep that privilege.

I understand that I have no right to privacy when using the CCDS network.

All students of Clay County District Schools agree to follow the Clay County District Schools Code of Student Conduct, school rules, and commit to the following Responsible Use Guidelines:

I will:

- use digital devices, networks, email, and software in school for **educational** purposes.
- keep my personal information (including home/mobile phone number, mailing address, and user password) and that of others **private**.
- show **respect** for myself and others when using technology, including social media.
- give **acknowledgement** to others for their ideas and work.
- **report** inappropriate use of technology immediately.

The **Responsible Use Guidelines** will be reviewed each school year together with students and teachers and will provide a springboard for teaching and learning around topics such as Internet safety, digital citizenship, ethical, and appropriate use of technology.
