

# Metal Blocks

1. As part of our project, we will be investigating metals. Mr. Wolf purchased some samples of different metals as a visual for the class. Unfortunately, the labels fell off the samples and he's not sure which one is which. Can you help identify them?

2. What's the **problem** we are faced with? \_\_\_\_\_

---

---

3. What do you already know?

---

---

---

4. Now make a **claim** about the makeup of each block

Cube #	Substance	Reasoning
1		
2

1. **Plan for Gathering Information Needed** (list steps to be completed and who is completing them):

- \_\_\_\_\_
- \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_
- \_\_\_\_\_
- \_\_\_\_\_  
\_\_\_\_\_
- \_\_\_\_\_

1. Next, we need to **Do your plan**. Use the space below to your work that you used. Make sure to label each part or you plan. You can record any information gathered in Table 2.

**Work:**
