GENERAL INFO

- I can quote you an estimate before you order if needed!
- I currently do not offer backgrounds on any pieces. Work will come with a standard color or gradient background, or vague abstract background (clouds / sparkles / etc) upon request.
- If you see a piece from my media tab or previous posts and are unsure which category it falls under, or if it doesn't quite fit into any of those, you can ask for a specific style that I've done.
- I can do custom designs if you give me a general theme or concept piece to work from.
- I work best with creative freedom for poses / composition, but if you would like something specific please include a reference when commissioning me.
- I enjoy adding additional detail to character outfits / etc if given the freedom!

ALTERNATE INFO

- *Rough Sketch, Rough Paint, and Gradient Shading* pieces can all have 'Alternates', which can be anything ranging from:
 - Outfit Progression (*starting with base outfit + adding pieces*)
 - Hair / Skin / Scar / Tattoo or other body alterations
 - Etc! Just ask if you are unsure
- Alternates are not completely separate poses. If more than 20% of the pose needs to be redrawn, this would count as a new piece of art.*

REFERENCE SHEET DETAILS

- These sheets are to provide a general reference for future commissions or as an introduction / master sheet for your character. Art on these sheets will be lightly gradient shaded but not fully rendered so that they can be color swatched.
- It is encouraged that you provide as much detail or references as possible when commissioning one of these pieces, and change/alteration requests are available at each stage of the piece. If changes are requested after finalization or if there is repetitive indecisiveness, they may incur an additional cost depending on how much needs to be reworked and what stage the piece is in.

Reference Sheets include a baseline of:

- One Full-Body in ambient pose
 - One 'Character Detail Shot' (Typically half-body / up close personality/glamor shot)
 - One 'Detail Image' (Large or detailed item / tattoo / etc)
 - Five inventory items
 - Color swatches / Text / Formatting
- Inventory that is in the same classification (such as Ink + Pen, or Sword + Sheath) will typically be counted as just one item.
 - Different formatting (such as Character Sheet / Stats) is available upon request!

ASK FIRST

(Meaning I can do this upon request, but I might not have a lot of practice / I might not be the artist you're looking for with these things! If I feel like I cannot complete your request based on the references provided, I will let you know prior to accepting the commission.)

- Old characters
- Bald characters
- Extreme monster / alien features
- Animals / pets (as companions)
- Full plate heavy armor / chainmail
