

A TREATY OF RECOGNITION MUTUALLY BETWEEN THE UNITED SEA BASS ISLANDS AND THE DEMOCRATIC REPUBLIC OF THE UNIFIED AND CONTINUOUS EMPIRE, SIGNED AND IN-EFFECT 06/21/2021

The United Sea Bass Islands and the Democratic Republic of the Unified and Continuous Empire mutually recognise the other as a sovereign independent state, capable of establishing foreign relations, declaring war, concluding peace, establish commerce, contract alliances, and do any other acts that are widely recognized by macronations as necessary for a government to be recognized as the government of an independent and sovereign state. This treaty is not a treaty of peace, but rather only signifies the official political recognition of the United Sea Bass Islands and the Democratic Republic of the Unified and Continuous Empire.
