Concordia University | Department of Design Art
Fall 2024-Winter 2023
DART 453 DESIGN AND COMMUNITY ENGAGEMENT

Concordia coordinator/lecturer: Israël Dupuis

NAME:

Part A Responsibility (30%):
Implication | Collaboration | Development | Efficiency | Production | Reliability |

Evaluated through:

- Implication in the project
- Reliability to the sponsored organization (punctuality, attendance)
- Reliability to the lecturer (meeting, email reply)
- Devotion to the participants or the organization
- Implication in the project

Part B Principle in action (40%):

Evaluated through:

- Attitude during the project
- Quality of the process
- Success of the project. Quality of deliverables in the final package delivered to the participants: working files (.psd, .ai etc…) and final format (.jpg, .pdf, online website, etc…)

Part C documenting the project (30%):
Demonstrate ways were designing help communities.

Evaluated through:

- Quality of the <u>conclusive report</u> (400 to 500 words)
    - o Description of the project
    - o Documentation of the project
    - o Critical return regarding students, sponsors, lecturer and participants (if applicable) in the project.

- Quality of the <u>15-minute presentation</u>
    - o Project clearly explained (structure and preparation of the presentation)
    - o Proper visual support during the presentation
