

Guidelines for Poster Presentation in ICoMCoS 2022

PREPARATION OF THE POSTER

Due to the virtual of the conference, we are only accepting Electronic Posters (E-Posters) in PDF format. Printed posters or photographs of printed posters will NOT be accepted.

The poster should be a clear visual presentation of your submitted abstract and should following these criteria:

Title of the Poster

It is recommended to keep the poster title same as the submitted abstract.

Note: Slight modification which does not change the idea of the abstract is also allowed.

Poster size and format

Poster must be submitted in PDF format.

Note: Your poster viewed orientation should be portrait and make sure your file saved as a PDF before upload.

Your Information

The top of the Poster should display, in the lettering of 18 Bold (Times New Roman), the following information: Title of your Paper, Name(s) of the Author(s) and Affiliation(s).

Lettering

It is recommended to use 14 Times New Roman font style for the content of the poster.

Note: Text and presentation should be in ENGLISH only.

Content of the Poster

1. Make sure that the specific sections (such as the background, methods, results, and conclusions) are easy to locate in the poster.
2. Try to keep the text easy to read and concise. The poster should have a clear message, a logical layout and be easy to comprehend.

3. Illustrations are the most important part of the poster and will attract the most attention. Colorful charts and graphs are the easiest to read. Explanatory illustrations should be used instead of text whenever possible.

Note: Make sure there is enough contrast between the color of the text and the poster's background. Do not embed any videos or animation in your poster.
