Resolution of Rebuke of United States Senator John McCain

WHEREAS, Senator John McCain unilaterally negotiated with the Senate Majority Leader Harry Reid to secure Republican votes necessary to pass a number of controversial Presidential nominees.

Gina McCarthy for head of the Environmental Protection Agency, an environmental bureaucrat who supports anti: job/consumer policies.

Richard Corday to head the Consumer Financial Protection Bureau (CFRB), an unaccountable, unconstitutional agency created by the Dodd-Frank legislation.

Thomas Perez as Labor Secretary who has a known record for abusing power as Maryland's Labor Secretary, handing political appointments to Big-Labor bedfellows.

WHEREAS, Senator McCain provided the votes necessary for the confirmation of the above nominees.

WHEREAS, Senator McCain's "deal" was nothing more than capitulation to the Senate Majority Leader, giving him everything he asked for.

WHEREAS, Senator McCain claims in defense of his actions, that they were taken to prevent the Senate Majority Leader from "going nuclear" and illegally breaking the Senate rules to pass these nominees.

WHEREAS, the position of Legislative District 26 republicans is that senators should call the Senate Majority Leader's bluff and force him to get the votes necessary from members of his own party.

THEREFORE BE IT RESOLVED, that Senator McCain do the following: cease deal-making and negotiations for Republican votes that undermine the Senate Republican Leader.

FURTHERMORE, the conduct of Senator McCain, is unbecoming a Member of the United States Senate, weakened the Senate Republican Leader, and is hereby strongly rebuked and condemned.
