To the Selection Committee

ISOLE ISOLE ISOLE Award – 1st Edition

Subject: Letter of Reference

I am pleased to write in support of the artistic practice of **[Artist's First and Last Name]**, whose research demonstrates a consistent and compelling engagement with contemporary visual culture. The artist's work is distinguished by the ability to integrate technological landscapes, social critique, and conceptual inquiry into refined sculptural and visual forms. This approach reveals a thoughtful dialogue with conceptual art traditions, particularly those associated with analytical and language-based practices, while maintaining a strong contemporary relevance. Through a rigorous research-driven methodology, **[Artist's Last Name]** develops projects that translate critical reflection into coherent and articulate visual outcomes, showing both conceptual

clarity and formal awareness. The practice reflects a mature artistic vision capable of contributing meaningfully to international artistic discourse.

For these reasons, I strongly believe that the proposed project, **[Title of the Submitted Project]**, merits the attention and consideration of the Selection Committee, and I am confident it would be a valuable contribution to the context of the ISOLE ISOLE ISOLE Award.

Yours faithfully,

Prof. James Salisbury
