

Once ADK trial version of 7 days will expire you will have demo version available to use.

Demo version will disable following features.

- Tools > Reverse Engineer option
- Tools > Android Image Tool
- Plugins > ADB Tools
- Project > Add Dexscripts
- Build > Build DexPatched App
- Analyze > Compare two Apk
- Analyze > Run Code Analyze
- Project > Edit Bootanimation
- Project > Edit Translation
- Project > Apk Patches > Optimize APK
- Project > Apk Patches > Remove Ads
- Project > Recovery/Boot > Build RV-Security Kernel
- Project > Recovery/Boot > Build Pre-Root Kernel
- Project > DeGapps ROM
- Plugin Manager will be disabled.

You can unlock all these features when you buy the ADK license from [here](#)
