

Milton School District

Transportation Department

2026-2027

BUS ROUTES

All Milton bus routes are approximate and may change with little notice. Students will need to be at their bus stop at minimum of 10 minutes prior to the arrival of the school bus. All students must be outside and wait in a safe location within a safe distance from the roadway. Children should remember not to approach the school buses until the vehicle is completely stopped and the driver gives the signal. These times are approximate and are subject to change.

If anyone has questions or concerns about the schedule or where your child's exact bus stop location is, please call the transportation office at 652-0262 ext. 8
