

Girls Just Want to Have Fun

Warrior Cats She-Cat MAP

Rules

If you've engaged in homophobic, transphobic, racist, or any bigoted acts, don't ask for a part. If I find you have, you will be kicked from the map regardless of progress.

Don't let deadlines stress you out! I'm not strict on deadlines, just as long as you respond. The last thing I want is for you to be stressed because of a deadline, get extensions as you need them!

General rules

1. Deadline will be set when the MAP is full, weekly wip checks will be every Friday.
2. 3 parts is the MAX!
3. Please make sure to respond to the wip checks, this is how I know if you are still active in the MAP or not.
4. I need to be able to see some sort of art example from you, even though this is beginner friendly.
5. Not first come first serve
6. You don't need a YouTube channel to join! There is a section to apply in the Discord
7. Discord is required
8. No tracing/stealing of any kind. If I found that you have done this I will be dropping you regardless of progress.
9. Collabs are fine and encouraged! I suggest collabing with backups if there are any so they can help out with the map more!
10. Speaking of backups, they are unlimited! (Unless I somehow change my mind)
11. If you need an audio cut please ask!
12. Only watermark allowed is Flipaclip! (I can make exceptions for others if you really cannot get rid of them, though no watermarks are preferred)
13. Please don't add your channel watermark into the part you send to me
- 14. Please send the final part in Google Drive**
15. She-cats can be used up to 2 times, so if someone has used Squirreflight twice she can't be used again

Part rules

1. Canvas size is 1920x1080
2. Please follow the art direction for the backgrounds
3. Shading and/or lighting isn't required! You can add it if you wish though
4. ALL parts must have color and backgrounds
5. Codeword is the she-cat you plan on using
6. Any designs can be used, just do not use any made by problematic creators. If you use another person's designs please let me know so I can credit them in the final MAP.

Thumbnail contest rules

1. Thumbnail contest ends when I decide, a warning will be given beforehand ofc.
2. Discord is needed to join

3. Anyone can join!
4. No tracing!
5. Must include any she-cat (or multiple) of your choice
6. Must include the words “Girls Just Want to Have Fun Completed MAP” or something along those lines
7. **Send a version with and without text**
8. Please don’t watermark the thumbnail when giving it to me/putting it in the Discord

BACKGROUNDS

All the backgrounds should be colorful with some sort of simple pattern, like dots or stripes.

They can be any color so long as it is bright (not like eye blinding tho lol)

These are some single examples and one whole bg. You can add other objects such as trees and rocks, and they can be natural colors if you want. Use other parts as reference as well.
