

Zombieboot behind 1x1x1x1x1: *Macicole505's* Quest

Once i played roblox. I joined the game. My avatar is blue and i'm NBC. and I meet Daffy and other peoples too.and i saw 1x1x1x1x1 and Zombieboot. He said "MINECRAFT! MINECRAFT! ITS OLD! ITS OLD! PEACE AND QUIET! PEACE AND QUIET!" and 1x1x1x1x1 repeats what Zombieboot said. and banned me. and It said "You not funny!" in gui. So. i press play on the game again. The screen was funny. I got a popup in full screen. and the blood written is "WELCOME MACICOLE505 TO NOOBLOX". and my account hacked. So i play minecraft with zangafan aka Matthew Dans. and i saw a roblox Island. and my computer is overheating. and shut off. So my computer updated into Windows 8. and the error says: GO BACK. TO LAND. OF ROBLOX. and i saw the creepy picture of Telamon.

So. It was a dream. I got windows 7. I turned on. Back to normal and play roblox.

THE

end

AND DONT Ban me FOR
TELLING THE creepypasta.
