Listening Notes

As you listen, you must set aside your personal preferences and judge from the perspective of a neutral listener. Assume that you are listening to a podcast because this is a topic of interest to you. Beyond listening to the entire episode for entries up to 1 hour in length, we ask that you not vary the playback speed in any way.

Listen for the highest quality: a polished, professional program coupled with a clean, clear technical production. We recommend that you either keep notes as you listen, or complete the judge survey immediately after you finish each episode.
