

BELIEVE YOU CAN 2023

HOW TO UPLOAD IN GOOGLE DRIVE

Step 1: Login inside your Google Account

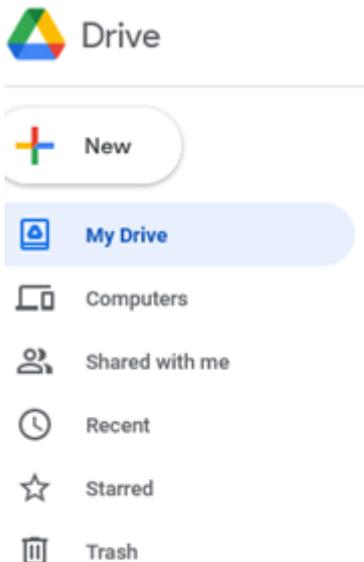

Step 2: In the top right corner choose the grid view icon next to your profile pic.

Step 3: Select Google Drive

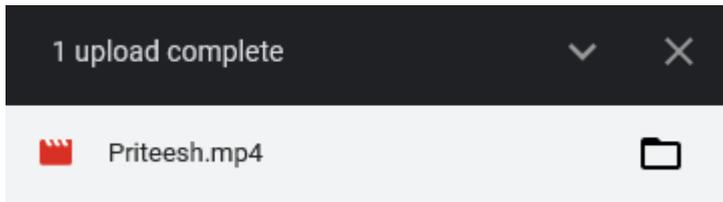

Step 4: In the left menu, choose a new and select file upload

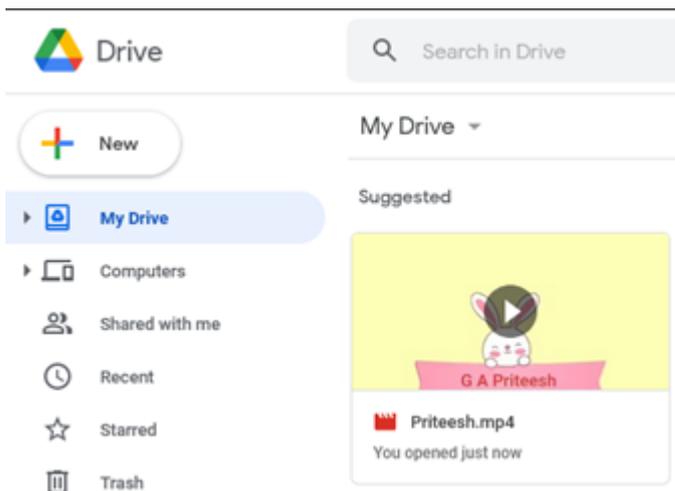

Step 5: Browse through your video saved on the desktop, select the video and click open.

Step 6: Once video is uploaded to your drive, you will be notified.

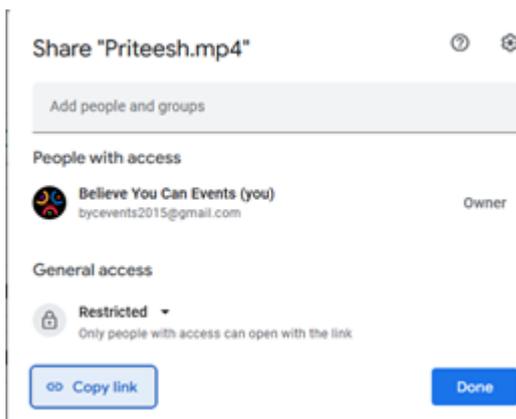

Step 7: The video will be visible on your dashboard.

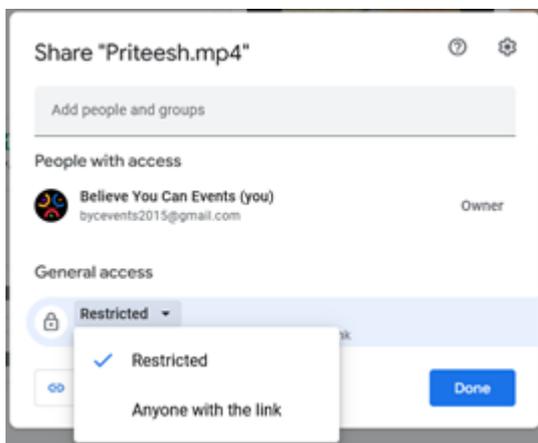

Step 8: Right-click on the video, Select get link.

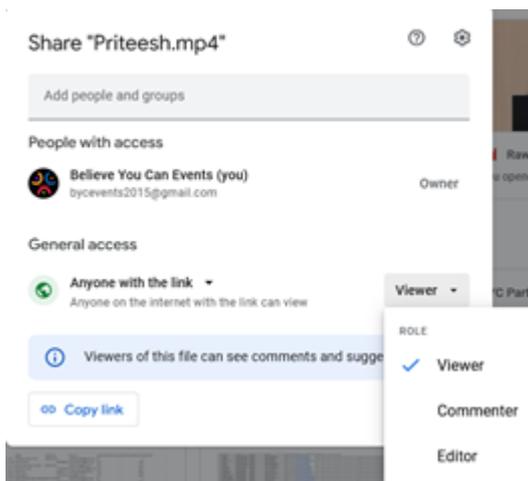

Step 9: Pop up window will be shown

Step 10: In the General access menu change the restricted to anyone with the link

Step 11: Change the rights of the video to the editor only then we can download your video.

Step 12: Select the copy link button and the video link will be automatically copied to your clipboard.

Step 13: Paste that URL in your registration form(You can save it in your notepad for your future reference).

Step 14: You can send the same URL or link to our email id before registration. Use the same link to paste it into the registration form.

Note: Feel free to contact us if you have any doubts about uploading.
