

Worst Things/Best Things (LYRICS) - *fake*. NmMindstorm

WILL

What kind of message is this  
sending;  
Only magic  
Can fix the world?

Just harvest pity from your trauma  
Like it's acorns  
You filthy squirrel

You've already tried to earn it  
And I admit, that was cute,  
But life is not a matter of your  
achievements  
No, all that they want to do is  
watch you lose

How did the worst things  
That have ever happened to me  
Become the best thing  
That's ever happened to me  
Could it all be thanks to luck?  
Because finally life doesn't suck

'Cause the Worst things  
That have ever happened to me  
Became the best thing  
That's ever happened to me  
And I feel like I could cry  
'Cause after years and years of  
low,  
I'm at a high!!!

There I was thinking  
That domestic abuse was a bad  
thing  
What with all the crying,  
screaming, and fighting just for  
starters

But thanks to everyone, I see  
Just how far it's gotten me  
Now, I wish my dad had hit me even  
harder

Part of me's somewhat doubtful  
'Cause I know that I'm still Will  
But fuck it, 'cause I know there's  
a way to fix that (writes in book)  
Now the old Will's been killed.  
There's no more guilt!

How did the worst things  
That have ever happened to me  
Become the best thing  
That's ever happened to me  
Could it all be thanks to luck?  
Because finally life doesn't suck

#### ENSEMBLE

How did the worst things  
Turn into the best?  
How did the worst things  
Turn into the best?

#### WILL

'Cause the Worst things  
That have ever happened to me  
Became the best thing  
That's ever happened to me  
And I feel like I could cry  
'Cause after years and years of  
low,  
I'm at a high!!!

If you think I'm going back again  
You might just be insane  
The pain I've suffered all these  
years  
Will not go down in vain

Because the worst things  
hat have ever happened to me  
Became the best thing  
That's ever happened to me  
And I can't believe my luck  
'Cause no one used to give a fuck  
'Cause the worst things  
That have ever happened to me  
Became the best thing  
That's ever happened to me  
And it doesn't matter why  
'Cause after years and years of  
low  
I'm at a high

#### ENSEMBLE

How did the worst things  
Turn into the best?  
How did the worst things  
Turn into the best?

#### WILL

And now I'm somebody today  
I never thought I'd say  
That I'm somebody today
