Student Information

Please provide me with your contact information [here](#).

Recording of Lectures

Students who participate in this class with their camera on or use a profile image are agreeing to have their video or image recorded solely for the purpose of creating a record for students enrolled in the class to refer to, including those enrolled students who are unable to attend live. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate orally are agreeing to have their voices recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the "chat" feature, which allows students to type questions and comments live.

I will be recording all the zoom sessions and uploading the recordings to Blackboard in the folder **Zoom Lectures**. You can also find the video recordings in dropbox [here](#).

Office Hours

I will be conducting my [office hours](#) through Zoom as well. My office hours are Mondays, Tuesdays and Wednesdays from 3:00 - 5:00 PM. You can follow this link to [schedule a 15 minute Zoom session](#) with me during my office hours.

Please note that you must schedule your office hours session, at least, 6 hours ahead of time.

Communication

We will be communicating with you on a regular basis throughout the semester using **slack** and your **email address listed on Blackboard** for this course. You are required to make sure that the email address on Blackboard is your current Lehman email address and you must check it on a regular basis. **There will be no acceptable excuse for missing a slack or email announcement.**
