

Book Review & Book Award Nomination Information/Contacts for German Studies

If you are publishing or have published a book/volume in German Studies and are looking for a list of journals and book award competitions with contact information for each to send to your publisher, you will find them listed below. The project is crowdsourced, by nature incomplete, and the information is not always up-to-date.

If you would like to add a venue, suggest a correction, or have any other questions about the project, please send info to Ervin Malakaj (ervin.malakaj@ubc.ca). If you would like to collaborate on this project, please reach out.
