CBF 27 March 2016 The Resurrection of Jesus Christ Pastor Billy Robertson 27 March 2016 Easter Sunday

"He is risen! He is risen indeed!" This joyful cry has been heard across the centuries when the reality of the Risen Christ finally sank in to not only His disciples, but the populace that so eagerly awaited their Messiah. Now, some 2000 years later, the world is once again questioning the reality of the Living Christ, questioning the intentions of a holy God, questioning whether He even is. These are not new questions, and there is but one answer...He is, He was, and He will always be! And like the risen saints of old, there will always be witnesses to the truth of the resurrection power He has provided for us. Our lives can be open, clean, resurrected to new life, everyday because of His debt payment, His power, His life in us.
