My Best Friend Anna

I have many friends, but Anna is my best friend. We have known each other since we were seven years old. Anna is fourteen now, just like me.

She is quite tall and slim. She has long, straight brown hair and big green eyes. When she smiles, she always shows her little dimples, which make her look very friendly. Anna usually wears jeans and T-shirts, but on special occasions she likes to wear pretty dresses.

Her personality is even more beautiful than her appearance. Anna is kind, helpful, and very patient. She is good at listening, so I can always share my secrets with her. She also has a great sense of humor, and she can make me laugh even when I am sad.

Anna is very talented, too. She plays the piano and sings beautifully. Last year, she won a prize in a music competition. In the future, she wants to become a professional musician.

I am really lucky to have Anna as my best friend.
