SOUTH DAVIDSON MIDDLE/HIGH SCHOOL

Dear Parents and Guardians,

This letter is to inform you of your rights as a parent under the Every Student Succeeds Act (ESSA) and our school's commitment to ensuring you have the information you need about your child's education.

As a parent or guardian of a student in a school that receives Title I funding, you have the right to know and receive information about your child's level of achievement and growth on each of the state's academic assessments. This includes, but is not limited to, assessments in mathematics, reading/language arts, and science.

Our goal is to work in partnership with you to support your child's academic success. The information from these state assessments provides valuable insights into your child's strengths and areas where they may need additional support. We encourage you to review these results and discuss them with your child's teacher or school administrator.

If you would like to receive information regarding your student's level of achievement and growth on the state's assessments, please contact the school office. We are available to schedule a time to review the results with you and answer any questions you may have.

Thank you for your continued partnership in your child's education.

Sincerely,

Chris Adams

Principal
