NARRATIVE REPORT
Valentines Para Sa Lahat: Celebration of Heart's Month
February 14, 2022

The CSNHS Supreme Student Government organized a one-day virtual activity for Valentine's Day dubbed as Valentine's Para Sa Lahat. The event was broadcasted live on the official page as well utilized the zoom application. The virtual opening of the activity was hosted by SSG SWC on Gender Affairs Gerome Manalo and SSG Publicity Committee Kelly Mayor. It started two hours after the supposed scheduled time due to technical difficulties.

The series of the activities for the inline event included the following, Valentine's Podcast which talked about the types of love, the typical valentine's celebration set up, talk about romances, experiences and more about the celebration. A short video presentation from TedEd was used to be the source of the topic for the podcast. Along with this, the hosts reminded that another activity which was Pop Quiz will be based on the video presentation. The next activity as mentioned was the Pop Quiz, which included four games for the students watching live to play. Such as (1) Sing me a love song, a performance for hayskulano singers, (2) May I have this dance darling for hayskulano dancers to show off their skills, (3) Shakespears' Starcrossed Lovers for students who wished to read us literacy pieces about love or perhaps about the person they give their affection most, and (4) Uso pa ba ang harana? a musician feature game activity.

For the afternoon session of the event a film viewing activity was held, Halina't Mag Watch. Such as "Encanto," "Don't Look Up: A Science Fiction Film," "Spiderman: No Way Home," and "KINALAS: SPA Role Play" were shown. "Encanto" which mainly focuses on love among families was the first movie to be screened, followed by "Don't Look UP: A Science Fiction Film" whereas it tackles the love of group of people towards earth and humanity itself, next "Spiderman: No Way Home" which reflects the love of a 'superhero' and lastly "KINALAS: SPA Role Play"; an original film by the students of SPA of the school which aims to highlight the talent of hayskulanos towards the film industry. All these films presented during the event discuss the types, effects, and nuances of love.

At the end of the event, participating students were able to reflect on themselves the differences of love; may it be platonic, romantic, or something else that is complicated; and lastly, be reminded of the essence of love and why Valentine's Day is celebrated.
