

Blank White Page Overview

- What is it?
 - A research project where you choose the question and who you want to work with (maximum group size is 5). You can do anything, so long as it's researchable and answerable.
- When is it due?
 - October 3rd/4th (depending on when you have class), in class
- What is involved in the project?
 - You must find an answer, then demonstrate the knowledge you have gained in the research process. You may demonstrate your knowledge in any form. Some examples include: voicethread group discussion, poetry, short stories, essay, poster, powerpoint (or the cool versions Prezi/SlideRocket), drawing, website, etc.
 - You also must include a list of your sources. Title of source and where you found it (book information or URL). The idea is that I should be able to find the source just from what you've put in this list.
- How do I get started?
 - Fill out [this](#) form to tell me what you are going to do for the first project. Then start your research!
 - Most of your work will be done outside of class time. If you ever finish your classwork early, you may also ask for a pass to go to the library to start your research there.
