Intro to Timeline JS

Journalists use it: [News example](#)

Educators use it: [Example from University of Montana:](#)

Creating your own Timeline using Timeline JS:

KnightLabs:

<https://knightlab.northwestern.edu/>

- Click on Timeline JS
- Click "Create a Timeline"
- Follow Steps 1 - 4 to easily create a timeline using Google Sheets
- Here's [Joanne's example](#) (created in < 30 mins)
- TIP: Set your Google Sheet settings appropriately if you want to have others (e.g., learners) collaborate on it (keep in mind the Revision History rescue capability)

Another Teaching and Learning Example ([Course in Cryptography](#))

An Alternative way to [Present a Syllabus](#)?

Other timeline/similar storytelling tools (feel free to add any!)

Tiki Toki: <https://www.tiki-toki.com/>

Example: [The Religions of Japan](#) (note the category capability)

Sutori: <https://www.sutori.com/>

Example: [The Immortal Life of Henrietta Lacks](#)

TimeGlider: <http://timeglider.com/>

Example: [Origin of Words](#)

Knightlabs has lots of other storytelling tools available or under development:
