2025-27 CTE Revitalization Grants

Overview

The CTE Revitalization Grant Program supports student engagement, academic success, and high school completion by expanding access to career and technical education that prepares students for college, careers, and future opportunities. The program also strengthens local and regional economies by helping communities develop the skilled workforce they need.

2025-27 Funding

During the 2025 legislative session, lawmakers appropriated $7.9 million for the program, which was awarded to 51 Oregon high schools, consortia, and education service districts (ESDs) to create or expand CTE programs. The funding will support curriculum, equipment, and programming, with grants targeting high-wage, high-skill, and in-demand fields, including healthcare, advanced manufacturing, agriculture, construction, computer science, engineering, health sciences, hospitality, and natural resources.

2025-27 Grantees

District/School/ESD	Project Name	Award
Athena-Weston School District	Launching Coordinated Fire Science/Wildfire Mitigation & Advanced Manufacturing Pathways Project	$125,000.00
Banks High School	Banks Agriculture CTE Program	$112,528.69
Beaverton School District	Access to Advance Manufacturing	$125,000.00
Bend-Lapine School District	Bend Senior High Metals Technology Lab Upgrades	$106,310.00
Bethel School District	Kalapuya Health Occupations Pathway	$124,768.00
Central Linn School District	Constructing Careers: The Hire-Ready Pipeline	$111,016.50
Coquille School District	Coquille Junior Senior High School Barn Equipment Project	$115,464.59
Corbett School District	Corbett CTE Culinary Classroom Expansion	$125,000.00
Corvallis School District	From Preschool to Profession: Diversifying Oregon's Educator Workforce	$125,000.00

District/School/ESD	Project Name	Award
Creswell School District	Creswell High School Automotive Technology Program of Study	$125,000.00
Douglas Education Service District	Douglas County Regional Culinary & Hospitality Learning Collab	$176,964.00
Elgin School District	Building Pathways Without Walls	$125,000.00
Estacada School District	Estacada School District Advanced Manufacturing Modernization	$125,000.00
Gaston Jr/Sr High School	Gaston Construction CTE Program	$112,805.70
Gervais High School	Simulation-Driven Pathways to Construction and Agriculture Careers: A Multilingual CTE Revitalization Initiative at Gervais High School	$124,966.00
Grant School District 3 / John Day School District 3	Growing Futures: A K-12 Agriculture and Natural Resources Pathway	$97,321.52
Harney County School District #3	Burns High School Construction Lab	$125,000.00
Henley High School	From Field to Food: Agricultural Production & Workforce Pathways Initiative	$125,000.00
Hood River County School District	Sustaining Excellence: Building Capacity for a Strong Engineering Program of Study	$67,033.90
Imbler School District #11	Growing Leaders Through Agriculture, Innovation, and Community	$125,000.00
Jewell School District	Jewell SD Agriculture CTE Program	$124,910.00
Klamath Falls City Schools	E³ Engineering, Entrepreneurship & Emerging Technologies Lab, Klamath Falls City Schools	$125,000.00
La Grande School District	Growing Local Talent: Strengthening Agricultural and Business Programs of Study	$123,214.00
Lane Education Service District	Lane ESD CTE CARES Initiative	$248,118.15
Lane Education Service District	Lane Industry Education Collaborative	$249,893.00
Lost River Jr/Sr High School	Going Back to the Basics!	$125,000.00
Neah-Kah-Nie High School	Neah-Kah-Nie Business Information Management POS Project	$65,255.00

District/School/ESD	Project Name	Award
Network Charter School	Network Charter School's Expanding Career-Connected Learning Project	$125,000.00
North Douglas School District	North Douglas Welding and Fabrication Equipment Modernization Project	$124,988.75
Oakridge School District	Oakridge CTE Grant 2025-2027	$114,917.00
Ontario School District 8C	Oregon Career and Technical Education Revitalization Grant 2025-27 - Shear/Brake	$122,250.00
Oregon City School District	Agricultural & Skilled Trades Collaborative Land Lab Initiative	$120,844.00
Parkrose School District	Parkrose School District Construction Management Pathway	$125,000.00
Pine Eagle School District	Pine Eagle School District - Ag Science and Technology Enhancement	$122,550.00
Portland Public Schools	Engineering Portland: A Disciplinary Literacy Project	$125,000.00
Prairie City School District #4	Prairie City Future Farmers of America CTE Program High Quality POS	$125,000.00
Rainier School District	Rainier Digital Media Arts CTE Program	$125,000.00
Scappoose School District	Scappoose Manufacturing CTE Program	$125,000.00
Seaside School District	Seaside High School Culinary Arts Enhancement Project	$120,645.00
Sherwood School District	Bowmen House Project	$116,120.00
South Wasco County School District #1	Transforming Rural Economies: Applied Manufacturing and Youth Entrepreneurship	$250,000.00
St. Helens School District	Expansion of High-Quality Health Science CTE Program in St. Helens School District	$125,000.00
Summit Learning Charter School	Summit Learning Charter Digital Arts Program of Study	$120,550.00
Sweet Home School District	Sweet Home High School Agriculture Construction Building Systems Lab	$91,500.00
Tillamook School District	Building Futures: Modernizing the Tillamook High School Construction and Carpentry Program	$119,190.09
Twin Rivers Charter School	Twin Rivers Charter School CTE Revitalization Project	$122,419.71
Vernonia School District	Vernonia Manufacturing CTE Program	$73,714.00

District/School/ESD	Project Name	Award
Wallowa School District	Building the Future: Wallowa Construction & Engineering Modernization	$68,187.90
Warrenton-Hammond School District #30	North Coast CTE Consortium	$189,000.00
West Linn-Wilsonville School District	Expanding Work-Based Learning, Credentials, and College Credit Opportunities for West Linn-Wilsonville High School Students	$125,000.00
Willamina School District	From Land to Culinary Lab	$125,000.00
