<p>Desperate Attacks: Here goes! Hope you can handle this!!! Now it's my turn. Don't faint on me. Here it comes. Better get out of the way. I'm going again. Don't mess up this time. The next one's going to hurt. One of us is going to have to finish this. You dodged my sword, the kid gloves are coming off... Okay, maybe I should show you what I've really got. This is how to you deliver a deadly attack..... Ha ha ha! You're something else. Wanna try that again?</p>	<p>Attacks: Okay, let's see what you've got. That's the spirit! Nice try. I'll go next. Oops, I might have put too much into that one. That's how to attack. Got it? This is just a waste of time. Yes, good. What'll you do next? Whoa, nice stroke. That's the way. Hey, be careful how you swing that thing! Whoa. Better be careful. Someone's gonna get hurt.</p>	<p>Defense: C'mon take a swing at me. Want to try that again? One more time. Don't mess up. Better be more careful. You'll get yourself hurt. That's how to attack. Try it yourself. In combat, caution is the best weapon. Okay, it's your turn. Let's see what you've got. Don't get too confident or you'll get yourself killed. Hey, wanna try that again? Hey, that was a surprise.</p>
