WEEK OF THE BEAST LORDS

45:18 Pat's internet has shit itself, pat is now a filthy red bar

- 47:10 Bell vs. videotron, and
- 50:25 Pat is pretty sure he knows the reason his internet is bad

52:02 Played more destiny, was good

52:20 Played some indivisible, didnt really like it, but enjoyed the audio/video presentation. The game needs a movelist

- 54:21 An RPG made by people who want to take the RPG filler out of an RPG, and it not being an RPG

- 56:34 Woolie's idea of an RPG, and what is and isnt an RPG

- 1:01:58 Only important here because it was pitched as an RPG

- - 1:02:01 What pat did not enjoy, a movie on fast-forward

- - - 1:05:38 The RPG opening formula

- - - 1:09:18 Not being interested in the story at all and enjoying characters vs. the relevance of the character

- - - 1:13:24 the lack of exploration

- - - 1:15:56 Pat played the game for 3 hours and the idea of basing his thoughts on that first hour. Also, comparing to Valkyrie profile

- - - 1:18:16 exploration, the slow beginning of JRPGs, and the dissonance between the beginning and what happens after

- - - 1:21:12 Nothing to do outside combat

- - - 1:22:05 woolie loves the platforming and the combat, and thus doesnt care as much about the rest of it. Thus, his fighting game bias shows again

- - - - 1:25:12 The extra fun fluff in astral chain, and complaining about the save system in astral chain. Just save the game!

- - - - 1:33:42 Woolie goes over exactly how he saves, and the semantics of autosaves

- - - - 1:41:15 Woolie thinks why it works this way

- - - - 1:44:21 A consensus on saves is reached, save often because of games like this

- - - 1:45:12 Indivisible's save rotation and bacd to pat's gripes

- - - 1:47:25 Woolie reiterates his likes, setting up the dominos for the story

- - - - 1:50:34 Setup in other JRPGS and woolie and pat talk about how far they are into each other's preferred genres

- - - 1:53:25 Woolie still waiting for the story, and on pacing in RPGs using yakuza

- - - - 1:55:07 the difference in voice acting and directing, and screw you dhar

- - - - 1:57:07 front mission 3

- - - 1:58:47 Pat dislikes everything about indivisible, cant see the story getting better, while woolie liked everything he saw

- - - 2:01:08 the training mode to practice combos, and pat doesnt care about combos

- - - - 2:04:12 RPG battle systems, indivisible being ATB and the combos, the entire system being poison to pat

- - - - 2:12:11 Consumables being the worst

- - - - 2:14:27 the character screens, and the wording being confusing

- - - - 2:16:21 pat was originally not too excited about it, and the idea of not even trying if you are not going to succeed

- - - - 2:22:32 Pat originally not wanting to do the podcast live, its woolie's podcast

- - - - 2:24:41 !!Mental pop-filter at risk!! ← PODCAST TITLE HERE
