------------	------------

- 4. Guidelines to APA Style, which is used for in-text citations and References, is available at <https://apastyle.apa.org/>.**
- 5. Articles not conforming to the journal's writing format and APA style as explained above will be returned to the author(s) for reformatting. Authors may revise and resend the articles after these are written in the accepted format and style.**
- 6. References must consist of sources cited in the article only. References from journals should be published in the last ten years. References from literary works/theories may be used without time constraint.**
- 7. Manuscript on linguistic issues is preferred to include the following discussion in the Introduction without further subheading: the background of the study, a brief review of literature, the research problem, the purpose of the study and the aims of the paper. The paper can then discuss the method of research, the finding(s) and discussion, and conclusion.**
- 8. Manuscript on literary analysis and others may have subheading when necessary.**
