Bear has planned the first SMP meeting in the town hall, and visits Sniff to get them to come. They agree to come if they can stay silent

in the back. Jonah wonders what his purpose is in the SMP, and thinks about his library and his castle he is working on. Guqqie works on renovating Big Wheat and plans to build a research lab. Everyone goes to the town hall, and Bear begins the meeting. He lets each member go up and mention each thing they would like to work on in the SMP so everyone works together to find a purpose to also avoid nations and groups to stop the SMP from falling into the same destruction PerfectSMP did. Aimsey wants to help people more, Guqqie wants to research, Jonah wants to work on his library and document the BearSMP history, Bill wants to work on his casino. Bear asks Sniff what they want to do and they panic, and introduce themselves and mention their past of building in other SMPs. Bear tells Jonah he should use his knight past and castle to help defend the SMP in case it needs it. Bear offers that Guqqie gets some help on the research laboratory, and Aimsey suggests they make posters and place them around to invite new people to the SMP. Bear apologises to Sniff for putting them on the spot, and Sniff reminds Bear that they do not want to be a part of the BearSMP. Bear says that he wants to make sure the BearSMP does not get the same fate as the PerfectSMP and he will make sure nobody messes around because that is how people get hurt and how things fall.

Aimsey gifts Bear some honey, and asks him if he has any coffee beans for their cafe. Bear was unaware of the cafe, although Aimsey thought everyone knew and everyone used it. After finding out it was left unused, she feels unwanted and useless and wonders why they are even in the SMP. She ends the stream with "It is time."

[Note from Dyynair: Hi everyone! For the Aimsey/Tubbo lore plus a bit of Jonah's lore regarding Tubbo's character, I combined the streams he appeared in to reduce the workload. The streams were near 8/9 hours so I will write about the lore basically but not separately. I hope that's okay!]

Aimsey meets a ghost. She talks to him and gets to know him as the name Beep. Beep is a ghost who has lived in the SMP for a long time, but has only recently made himself known to Aimsey after the increasing number of people joining the BearSMP. Aimsey makes friends with Beep, and builds him places to stay around the SMP. Jonah finds out about this, and begins to search for clues around this Ghost that is in the SMP by looking in the various places he has been. Aimsey feels that because nobody in the SMP has really cared about her or asked her about her past, yet Beep has asked her all about her family and more.

> *Bill4_*: bearSMP maybe just a little bit of lore

Bill walks around the SMP and says that he dislikes all the grass and overgrowth. He says that his casino has been ruined by foliage. He goes to Bear's house and knocks. He notices that Bear is in the community centre.

Bill asks about the SMP rules, and Bear tells him that the SMP's only rule at the moment is not to mess around and any new ones need to be discussed with everyone. Bill asks about jobs, and Bear comments on the fact he scams and steals. Bear stops him, and asks him what he wants. Bill tells Bear he needs to take care of the SMP because it has become a bit of a 'sh*thole'. Bear tells Bill that the SMP needs more people to hold an infrastructure and nobody 'owns' the SMP so everyone works together to work and live in harmony. Bear says that he wants to give new people a go to see how things work out. Bill is a

bit frustrated that nobody is in charge, and says that they were Bear's words, not his.

Bear tells them that they are alone, nobody cares about them and her family will not come to find her. Guqqie is now back at the area of her crash landing, where a version of herself with a blacked out face is standing in the middle. This clone tells Guqqie again what Bear said, nobody cares and they are alone. They swap from the hole to the tower. The clone says "You know what you have to do. You have to let go." and jumps off of the tower, which then cuts to a black screen.

> *JonahWill*: "I Know Nothing" | Bear SMP *LORE*

Jonah has been writing multiple books about the different members. Guqqie's is about her past and origins, and how he thinks she is hiding something. Fruit's book is related to Sniff and whether he should be sad they will leave once whatever or whoever Fruit is arrives. Bill's book simply says why.

Jonah found Guqqie's book with the morse code message in. He has another book about his worries about Bear and making defenses. The final book is about himself and his worries about insanity and lack of control. The book mentions Fred who helped him, but damaged him more in the end. He puts the books away.

Jonah realises he doesn't know anything, and he only has more questions. He sees Bill who thinks he is King. Jonah doesn't know what he is doing and how to get out of knighthood.

He talks to Bear because he helps him alot. They talk about identity, and then Bear tells Jonah they might need him to be a Knight about the way Bill is behaving. Jonah falling back into his knight routine might be beneficial to help stop wars within the BearSMP. Jonah accepts his fate, and believes that he must become a Knight again.

An animatic plays [Posted on Twitter and TikTok]. Bear speaks to Lard and Chat before falling asleep. He wakes up in the middle of the night so goes for a walk. Bear realises that everyone in the SMP has a best friend, so he decides whoever comes to the SMP next will be his friend. A voice appears and Bear is confused. He finds her standing in the middle of the path near the casino. She hands over the posters they put up. Bear asks who she is, and she says her name is 'R'. R explains that she wants to trust more people. Bear asks why people wouldn't trust her, and she tells Bear that she pushes people away that she loves. Bear invites her to stay. Bear tours R around the SMP, introducing them to each person living there. R suggests that Bear's house smelled funny as if an unwanted guest was there, possibly a ghost.

R chooses to build on the mountain across the "Beans and Toast Bridge", so Bear welcomes them to the BearSMP.

R says that all she wants is to find her, so in the meantime will build a house isolated from others to stop things from being so overwhelming.

Bear is excited to see the first person to join the SMP from the posters they created.

R goes to build her house. [Chat proceeded to call it goth tesco or goth greggs.]

[Note from dyynair: Sorry this one is so long! There was a lot of important things I noted!]

GUQQIE'S LORE: Guqqie stands by the crater, and an echoey voice plays over. Guqqie talks to it about the stress and overwhelming nature of living on Earth. The voice belongs to the clone of Guqqie who she met on top of the tower. The clone of Guqqie reminds her that she needs to let go of everything. Guqqie stops them, and says that as soon as they have the chance, she will leave and get back home. The clone of Guqqie tells Guqqie that they have too many attachments (Nugget, Dipper, Bear's care, Jonah's protective behaviour, Moonzy's care, Aimsey's tulip, Neptune's reliability, the

similarity to Bill, the curiosity about Sniff). The clone tells Guqqie that the only way to get rid of them is by releasing any negative emotions. The view changes to see Guqqie's clone standing there, where Guqqie was standing.

Guqqie blinks and goes back to her house to her dog "Home :)". They realise that in the 69 days they have been on the SMP, they haven't got themselves any closer to getting home. Guqqie begins to walk away with "Home :)" and repeatedly says phrases about not being alone. She takes off Home's collar, and leaves him there. They decide instead to give Home to another BearSMP member so they won't get attached. Guqqie thinks about their arrival and doesn't think it was fate. She finds Jonah at the Nugget Tree, but leaves him be. She goes to the tower, and is struggling to have hope about going home.

BILL/BEAR'S LORE: Bear prepares some armour and weapons before the meeting Bill has arranged. Bill tells everyone to go to the town hall, whilst Bear is nervous about what will happen. Bill and Neptune get ready for their meeting in the town hall.

Everyone gathers to admire the town hall which Snifferish built. Neptune sits them all down, and introduces Billzo. He introduces himself as the ruler of the SMP and that he will tax people and Guqqie's lab will be changed to research the defense of the town. Bill talks about his plans to create hell on Earth with fire and more. Bear stops him and says that they were all supposed to work together as a group. Bill tells Bear he couldn't possibly be leader, and laughs at him. Bill brings up the PerfectSMP and questions why Niki left if he was such a great leader. Bill asks Bear about Lord which tips Bear off the edge. He shouts to shut everyone up, and sends Neptune and Bill away. Everyone is lost for words, and they leave. Bear tells the rest that there will be no elections or governments, just him running the place to stop the SMP turning into the fate of PerfectSMP. Bear cancels the meeting and sends everyone home.

Aimsey pulls Bear over outside, and asks Bear if he was okay as when he yelled, it scared her as she has never seen him like this. He sends her home. Bear breaks the nether portal, and some flags around the SMP.

He goes home to find Niki standing there. Niki asks if he is okay, what the flags are and if a government is being set up. Bear tells her that the SMP needs direction so he must be a leader. Niki disagrees with this decision, and Bear admits that he is scared. He tells her that she

left, and didn't see what happened. Niki begs him not to be ruler alone as it can lead to ruining friendships.

Bear asks her what happened in the DreamSMP because she has changed. Niki explains that she has seen friends take control and have too much power which ruined everything.

Bear doesn't take her advice, and asks Niki to trust him. Niki goes, leaving Bear repeating "I'm not a monster."

JONAH'S LORE: Jonah looks around the SMP and realises that Neptune and Bill are really gone. He sees the broken portal, and is nervous about having to become a Knight again after hearing Bear raise his voice for the first time. Bear talks about becoming a proper Knight and putting in regulations to monitor who enters the SMP. He asks for 5 watch towers around the SMP, and to remove the flags around the SMP. Jonah agrees and Aimsey comes to talk to him. He opens up to her as he is so stressed about being responsible for protecting the SMP. Aimsey promises to look after him.

They both have a small disagreement, Guqqie thinks they should have a second chance, and Jonah believes that they had enough warning about their behaviour. After Jonah leaves, Guqqie wonders why she was defending Bill and Neptune. They go to work in their lab. Jonah finds that the portal has been destroyed and blocked off.

Fruit is holding the poster of the BearSMP and her ukelele. She finds Bill and Neptune in supposedly the "BearSMP". She tells them her

skills and Bill and Neptune let her stay. Fruit had visions of the place, and mentions that it looks different and less populated.

Fruit builds a small house.

She finds Bill a bit creepy, and finds a boat. She is too afraid to go on it, so goes back to continue her house. She says that Lion could come back if she thought about him again.

Bill and Neptune give her a cat named Smoke to look after and tell her that she will be taxed.

She continues to build, and momentarily checks on her new landlord and friend. She immediately leaves them alone after saying something about the "devil's tango".

5th September:

LIVE TODAY:

> *Bearbubb*: The Boy From The Upside Down // bearSMP LORE!

Bear wakes up to find a ghost in his bedroom saying "How are you Mister Boob?". Bear asks who he is, but said ghost does not answer. Bear asks why he is there and he explains they are best friends and he has been there a long time. The ghost introduces his clone so Bear, extremely confused, goes to find Aimsey. Aimsey explains who Beep, the ghost, is. Bear makes enquiries into how she knows Beep and Aimsey promises he isn't harmful. Sometimes Beep speaks in music, which confuses Bear.

Bear says that he knows that he is usually accepting of new people but he is a bit weary of this new poltergeist.

Beep sends Bunny back to the spirit realm and tells Bear they have met multiple times before and are best friends. Beep can remove memories which is why Bear most likely cannot remember their meetings. Beep takes Bear and Aimsey to his and Bunny's house. Bear looks around the "not original owl house". They talk about Bear's hibernation. Beep explains how he was banished and created the realm Bear lives in, and that he was banished again for causing an earthquake.

Bear says that Beep is menacing but Aimsey assures him that Beep is friendly. [Tubbo then plays a few soundbites which makes everyone laugh and break character].

Aimsey promises to make sure Beep doesn't destroy the bearSMP. Beep is unhappy with the hierarchy, but Bear changes his perspective to have it as a formal babysitter. Beep says that he won't hurt Bear because they're best friends but he will hurt the "space people". [More soundbites are played by Tubbo, yet again making everyone laugh.] Bear tells Beep to not mess around. Bear and Aimsey go to Bear's house and he apologises, but invalidates Beep and Aimsey's friendship and calls him an unreal friend. Bear warns Aimsey about Beep, suggesting that he knows things after being here essentially forever. Aimsey tells Bear she finds it hard to tell Bear things because he pushes her away. Aimsey warns him instead, and says he has to be careful instead of her. Bear goes to call Aimsey his best friend, but changes it to "Make sure to not mess around."

LIVE TODAY:

- > *Guqqie*: IT'S ALIEN TIME | bearSMP
- > *MoonzyCat*: Cat got your tongue? // bearSMP Lore <3

GUQQIE'S STREAM: Guqqie doesn't think Jonah should have built the watchtowers as there is nothing to defend. Guqqie doesn't agree with the way they are planning on protecting the town as there is no danger.

Guqqie also doesn't think Bill and Neptune are dangerous, which Jonah tells Guqqie that she is too innocent and naïve.

Guqqie says that what happened the night Bear became leader wasn't okay. She thinks Jonah following Bear's plans to build watchtowers is enabling him to rule. Jonah tells Guqqie to talk to Bear about things as he is protecting the SMP through Bear's ideas. Jonah tells Guqqie that he only does what is right, and Guqqie questions him on what will happen in the event of danger.

Guqqie thinks Jonah should be in charge of the defense over Bear after his experience. Jonah and Guqqie agree they want Bill and Nep to come back, but disagree on the defense mechanisms put into place. Jonah tells Guqqie he will do what's right no matter what, not just what Bear tells him.

Jonah warns Guqqie that things happen more often than you think and it is better they are prepared for these situations rather than not.

Jonah tells Guqqie that people can change, and things happen without expectation. Jonah says that everything he does is to protect the town because he cares.

Guqqie poses the question of what would Jonah feel if he was away from home, out of his control, not knowing anyone, and not that he wouldn't go back home, it was that he couldn't, referencing her own situation and reflecting Bill and Neptune's situation. Jonah tells her that he understands because he went through it. He mentions his home town and losing his family, friends and home and walks away. Guqqie says goodbye, and thinks about getting home.

MOONZY'S STREAM: A cinematic plays. Moonzy has a bad nightmare, and wakes up. She talks about the SMP, and how she feels at home there. Moonzy thinks she is improving with magic and potions, but recently she is scared that she will hurt someone. This is why she has been isolating away from the other SMP members. Grimzmo, her cat, was there to help her, but recently he passed, leaving Moonzy alone. She deeply misses Grimzmo and says "The dead don't come back. Or at least I thought."

She hears the stars again, and looks for them. Moonzy goes to an area, and realises she hadn't found the stars. A long beep plays, and she appears in a strange place. She sees another person, who looks like her. This person changes to another person, Gracie. She was the one to have died to the magic, and the person tells Moonzy that she can never escape her past. Gracie offers to help Moonzy and revive Grimzmo. All she needs to do is help Gracie in return. They deal, under the condition that the real Gracie comes back without being involved in that whole situation. Moonzy returns to the SMP to find Grimzmp, but as a skeleton/ghost?

LIVE TODAY:

- > *ElainaExe*: [BEAR SMP] A Fresh Start
- > *JonahWill*: BearSMP | Our "Leader" (LORE)

ELAINA'S STREAM: Elaina finds the flyer for the bearSMP and starts calling out for people in the area of the coordinates. She finds Bear, and he is a bit weary until he notices the flyer. Elaina had been out for a long time, and thought the SMP was abandoned. Bear lets her come to his cave, and lets Elaina know about all the arguments and new members that have been happening recently. Ela used to lead a group of bandits (adventurers, they never stole or brought harm to anyone). Elaina asks Bear whether anyone had gone to the SMP asking her for, which Bear tells her no.

They both walk around the SMP, and talk about the other members. Jonah's mind is always somewhere else, Aimsey is Aimsey, two members caused trouble and were kicked out, Niki is all over the place, Moonzy is a bit too nice.

Elaina lost her friends at least 20 moons ago, possibly years. They woke up to fire and everything falling apart, and she hopes they are still alive.

Elaina meets Jonah, and they talk about their pasts. They both lived far away before coming to the bearSMP but Jonah reacts negatively to the term bandit. She assures Jonah she isn't bad, and used to be a great blacksmith. Elaina has wooden horns which she has seen since she was a teenager and isn't able to break them.

Ela goes to build her house beside the river and grows crops on the outskirts of the SMP.

Ela's bandits were Robin Hood type bandits, so would only steal from those who are bad. Some of the things she has done are things she is not proud of, and people would steal things from her and her friends. Bear leaves to hibernate, and Jonah informs Elaina that it's hard to have a conversation with him.

Jonah renames Elaina's bandits as travellers. He talks about his experiences on the SMP.

Elaina can also speak to flowers, and is called the Plant Father. (Her chat are plants that she takes care of)

JONAH'S STREAM: Jonah and Bear talk for the first time after the town hall meeting. Jonah tells Bear that he feels Bill is a risk to the SMP, and is a bit hesitant about the amount of people entering the SMP. Jonah expresses his worry about Guqqie and how he thinks she will leave, but Bear accepts that people leave in life. Bear mentions

Beep and how Aimsey is happy as his friend. Jonah is taken aback by the fact ghosts are real. Bear tells Jonah that he is taking the appropriate steps to making a functioning and well run SMP. Jonah is worried about having to use his knight training again, and Bear ensures him that he won't let a war happen. Wars suggest there are sides, which won't happen in the bearSMP. Bear pauses Jonah and asks if he is a good leader. He rephrases it to be, is he a good person? Jonah tells him yes, he is a good guy and whatever he does is in the best interest of others. Jonah lets Bear know that he will let him know if there is ever any time he is acting strangely. Jonah says goodbye, and spots the Lily of the Valley by the town hall (from previous Moonzy lore)

He opens Aimsey's book, and writes "They are real. There is a ghost in the bearSMP."

Jonah opens Bear's book named Fear and writes "Bear wants to be a good leader. He wants to have good intentions. I just hope I can lead him towards them."

> *CreeperNeptune*: Sneaking back into the BSMP!

Bill and Neptune use the Hell and the Nether portals to get back to the bearSMP. They travel around, wary of the watchtowers, and go to their houses to find them barred up and labelled as closed. Neptune gets nervous, and they go back to the portal to leave.

Bill believes that Bear closed their houses because he didn't want the town to see such cool people being sent away. Bill insults the SMP and they arrive back at Hell.

Bill tells Neptune to go home, and Bill says he needs some space. He promises to come back "soon".

Neptune feels sad that he is alone, because he was also kicked out. Bill's actions and running away was selfish. He understands Bill's feelings but still feels frustrated. To help him cope alone, Nep heads back to the village and plans to make something for Bill to come back to.

TRIGGER WARNING: DEREALIZATION, INTRUSIVE THOUGHTS, SUICIDAL THOUGHTS, DROWNING

Guqqie is on top of her tower. A voice is talking to her, and to find the voice, Guqqie must jump down.

Guqqie looks at the "friends are ok :)" monumney, and thinks about the SMP. She steps forward and each time she does, she is in front of another house belonging to the SMP members. The voice tells Guqqie that she is endangering herself. Guqqie is then underwater, then up high in the sky. She falls back into the seat she arrived at the SMP in.

The voice asks Guqqie what she has accomplished in the three months of her being there, and that she is weak. The voice tells Guqqie that she won't get home, and nobody cares that she is gone from her old home, and nobody from the bearSMP would care if she left. Guqqie refuses to talk to the voice on top of the tower, and plans to go "home" but quickly corrects herself to say "house". The voice yells at Guqqie to go to the tower, and Guqqie refuses. It cuts to Guqqie's house and a clone of herself, with a blacked out face. It cuts to a scene from underwater, then to a black screen with her own language reading "THE GATEWAY".

Beau crashed Michela's ship with her siren song, and they both are planning on going to the SMP. Beau swam all the way from Scotland, and Michela lost her crew. They spot a town, and a ship and plan to live in it. They both spot Neptune, and talk to him. They introduce themselves to one another and explain their circumstances. Beau came from a Scottish siren school, and Michela tells Neptune that she wants to go to the bearSMP to find her crew. Neptune gives them both some food, and tells them both he can take them to the bearSMP but it's risky due to some previous encounters. They travel

through the Nether, as Beau sings her siren sound (Toxic by Britney Spears) and talks about how she knows Spongebob. They navigate their way to the bearSMP. (Beau accidentally falls from a high place which teleports her to the bearSMP.)

Neptune takes Beau and Michela to find Bear, as they both marvel at the buildings. He sends them up in, but stays out of sight himself. They aggressively knock on the door until Bear finds them. Bear is happy to see new people, but notices Neptune and tells him to leave. Bear starts to introduce the bearSMP, and shuts Neptune down before he could interrupt. There is a dispute between Neptune and Bear, and Beau and Michela stand at the side awkwardly. Neptune tells Bear that he lost Bill because of him, and Bear ignores him and talks to the new guests. Michela and Beau defend Neptune, saying he has been kind and helped them. Bear tells them that there is one rule in the bearSMP which is do not mess around. They mention Neptune's town, and Bear assumes that Bill has put them up to it. Bear's raised volume frightens both Michela and Beau, and they tell Bear they would rather stay with Neptune.

Neptune tells Bear that Bill left a while back, leaving Neptune to look after the whole town, and Fruit and the people living there. Bear tells them all that if they want to leave, they can. It's one for them to go make their own town, but he won't help them in the future with anything.

Both Beau and Michela decide it's the best idea for them to go with Neptune. Jonah comes over, and tries to stop them from leaving. Bear goes back home, and Beau thinks that Bear is 'a prick'. They all talk about how they thought Bear was a nice person, but he seems to be different than they expected. Neptune and Jonah speak after a long time, and Michela and Beau argue about colour. Jonah asks more about Bill, and about the two new people. They introduce themselves to one another, and tell Jonah they will be leaving to go to Neptune's town. (Michela and Beau talk about having fathers and doing the whip and nae nae.)

Jonah escorts them through Big Wheat to get back to Neptune's town. Michela is skeptical about the pub, but they continue their journey through the Nether.

(They get attacked by a ghaist and everyone is simultaneously laughing and screaming.)

Jonah looks around the town and sees the sign of Fruit's house. Jonah mentions that Sniff was looking for Fruit. They meet Dave. Neptune offers them places to stay in his town. Jonah teaches Beau how to say his name and how it's Jonah, not Honda Civic, Honda Wheel or Joanna.

Beau chooses to live underwater, and Michela chooses to live in the ship in the town. Michela apologises for being rude, and they make up to some extent.

Michela asks Beau if she would like to join her crew, to which Beau just responds with 'No.' Beau is afraid of Pirates so is hesitant. Meanwhile, Neptune and Jonah talk about Bill and what has happened since they last spoke. Jonah goes back to the bearSMP and talks to Bear. Jonah tells Bear he feels like Bear wasn't acting like himself and that he is worried. Jonah tells Bear that Neptune was a part of the bearSMP family, and wants to make sure Bear has no ill intentions. Jonah is worried that Bear might do something bad, and Bear responds to say that the SMP needs control to not fall apart. He promises Jonah that he isn't a bad person, and Jonah leaves him. Jonah thinks that Bear is hiding something.

LIVE TODAY

> *Guqqie*: Promise | bearSMP [Lore]

> *JonahWill*: Friends Aren't Real | BearSMP (Lore)

Guqqie says that it has been a month since Bill and Neptune were exiled. She goes to the town hall, and finds Bear. She asks him whether they are coming back after the month they were gone, because last time Bill was gone, it was only 2 weeks. Bear reminds Guqqie of what they did, and informs her that Neptune brought new people to town. Jonah promised Guqqie that Bill and Neptune would come back. Bear tells Guqqie that she needs to move on, and let him get on with his business and do what is right for the town. Guqqie is upset and wonders whether she is the only one who cares about Neptune and Bill and thinks that they deserve to live here, in their home. Guqqie reveals that if she stands up to Bear, she will get yelled at and kicked out. She is also upset that Jonah lied. Guqqie goes to find Jonah.

Meanwhile, Jonah says that he needs to find out something. He goes looking for Bear, but can't find him. He thinks Bear is hiding something. The other day, Jonah spotted Bear go into a secret spot behind his retirement home. 'Bear's Relaxing Spot.' Jonah explores the outside, and sees a sign reading No Entry. Jonah takes a deep breath and follows the path down. He finds a relatively normal room, and a book reading 'MEMBER NOTES'.

This book reads:

'MEMBER NOTES V1 //

Aimsey - Naive, gullible, is desperate for friends. I feel bad, I cannot give her what she wants.

Jonah - Means well, doesn't have the will to take control of anything. Weak minded.

Neptune - Nice enough but follows the pack. He needs to find his own pathway, not someone else's.

Guqqie - Concerned about this one. I fear xey won't ever find their way home. I just hope they keep to themselves.

Bill - So familiar. He's arrogant. Egotistical. He is no concern.

Moonzy - DO NOT INTERFERE. LEAVE THIS ONE. BEAR DO NOT AGGRAVATE.

Niki - I fear I have lost my friend forever.

Snifferish - My biggest concern. We need them.

R - I can't believe I let them stay. They are not of this realm.

Elaina - Seems nice. Something dark resides within them. Not sure what to think.

Oli - Keeps to himself. Not seen him that much. He better keep it that way.

Michela - A pirate? You avoided catastrophe with this one Bear.

Beautie - ...

Beep - At least Aimsey has someone to keep her company.

Bear - I cannot trust any of them. They can all at any moment leave me. They just need to not mess around.'

Jonah looks around the place more, and turns to see Bear in the doorway. He asks Jonah what he is doing, and tells Jonah to put it away. They step outside, and Bear asks again what he was doing. He asks what he saw, and Jonah mentions the book. Bear pulls out a sword, and threatens to kill Jonah if he goes in there again.

Bear leaves, and Jonah runs towards his castle, heavily breathing. He finds Guqqie there and is confused. Jonah tells Guqqie he didn't lie, and tells her that he cannot deal with this right now. Jonah tells

Guqqie that he cares, and didn't tell her the entire truth for that reason. Guqqie starts telling Jonah that he never liked Bill, or Neptune. Jonah denies, and tells Guqqie she doesn't understand. Jonah tells Guqqie that if he steps out of line, he will get killed. Guqqie tells Jonah that as a Knight, he should protect the town. They argue about Bill and Neptune for a while, and Jonah yells. He tells Guqqie to let go, she won't ever go home and she is too attached to the town. There is a pause, and Guqqie walks away. Jonah walks after her, apologising, but stops. Jonah tries to convince himself what he did was right.

He then worries about everything to do with Bear, so goes to his secret passageway in his castle. Jonah knows that Bear isn't acting himself anymore. His passageway leads him to his library. He reads his book about Bear, takes it and adds 'I no longer trust him. He threatened to kill me. Do I leave the Bear SMP?'

He searches for a new book and quill to use. He writes 'I upset Guqqie, but I can't lie to them anymore. Bill and Nep aren't coming back, she isn't coming home. I had to tell them.'

Jonah starts pacing in his house, and asks "Where's Fred?". He mentions four people that he misses. He hopes there is a good reason to stay in the bearSMP because he is afraid and he doesn't want to keep hurting Guqqie. He repeats 'There better be a good reason to stay...' over and over. Fade to black.

Elaina's Stream: (1am BST, 1st October / 8pm EST, 30th September)

Elaina is in her house, and convincing herself that 'they're gonna come back'. She opens a book named 'Daily Reminder' that reads 'They're still out there. You need to remember that they're still out there.' Jonah knocks on her door, and asks about her house. There is an overgrowth of flowers and trees. She tells Jonah that she only built the house, not all the exterior. Jonah says that it is impressive,

and Elaina agrees but tells Jonah that she did not build it. Jonah tours around the house. He notices the three sets of beds, and asks about who would stay there. Elaina informs him that once they come back, they can stay with her. A cat also appeared in her house. In her chest, there is a set of armour and a flower for the other two members of her trio. Elaina mentions that one plant had been rude, and Jonah laughs and makes fun of her by jokingly talking to the plant. Jonah takes Elaina to Moonzy's house and takes some of her clothes to replace Elaina's ripped clothes. Whilst Elaina gets changed, Jonah talks to the cats in the meantime. Jonah loves her outfit, and then she spots something, so she begins talking to it. Jonah laughs at Elaina for talking to the flower that was left by Moonzy. Jonah talks to the flower also, and Elaina bullies him and tries to make him speak to the flower nicely. Elaina talks to the flower, gossiping about Jonah. After they talk to the flower about ears and jazz, Elaina promises to check up on the flower later. As they walk away, Jonah is increasingly confused about the flowers and Elaina. He doesn't understand how some flowers can talk and others don't. Elaina explains about trees and their origins yet Jonah remains clueless.

They head to Elaina's house, and talk about the waterfall, how Moonzy is away and Guqqie is struggling. Jonah is still confused about the trees, and Elaina assures him it's all okay and it's all just nature.

Elaina tells Jonah that she got her horns when she was a kid, and mentions that they should sleep. Jonah feels uneasy in Elaina's house because of the blooming flowers and nature growing. Elaina mentions that she hasn't seen people in a while, especially Bear. Jonah suggests she avoids Bear for a little while. Both Jonah and Elaina talk about their favourite colours and flowers. They talk for a bit about random topics, until Jonah tells Elaina he is the 'see it to believe it kinda guy'. Both Jonah and Elaina then talk about how the flower they spoke to was in a cage. They theorise about Moonzy's whereabouts. Elaina thanks Jonah for helping her settle in, and then talks about flower gods and the possibility of their existence. Some time passes and they just chat, and then Elaina asks Jonah if he would ever leave. This leaves Jonah to stutter and hesitate. Jonah leaves, and Elaina grabs a book and quill and writes: 'I hope you've

been well! It feels like eons since you guys have been gone, but I can't wait to see you again.

Sometimes it feels like (Elaina pauses to think is it weird to say this) I can hear your laughter, just traveling lightly through the wind. Meh, reminds me of the sea.

I know you're out there, I just hope you both will be able to find me.'

She titles the book 'For You' and puts it away.

Jonah/Moonzy/Gracie's Streams: (9pm BST, 4pm EST, October 1st)

Gracie is sitting in the fenced off area of Moonzy's flower. Jonah starts a new book, and walks around the SMP. He notices pumpkins, and sees Gracie. She tells him she woke up in the fenced off area, and Jonah is extremely confused. Moonzy arrives, and asks who Gracie is. Moonzy asks Gracie if she remembers anything, and she says no. They ask a few questions, and Jonah is curious about the flowers. Moonzy tells them both that it's all okay, and the flowers were probably trampled. Jonah mentions that Elaina can speak to flowers and says that the flower there was different. Neither Moonzy nor Gracie knew who Elaina was so the conversation quickly moves into Gracie staying in the SMP and getting comfy after her strange arrival. They go to the town centre for a tour, and Jonah spots Bear through the window of his house. They swiftly move along, and show Gracie to the buildings around the SMP. Moonzy asks Gracie a lot of questions about her past, or whether she can remember anything, which Gracie has no recollection of. Elaina appears and demands to know where the special flower was. Jonah explains the situation, and Elaina thinks it was a joke. She realises that the flower was Gracie, and they all ask Moonzy how that happened as she grew the flower. They are all very confused. Moonzy and Elaina talk about flowers and nature. They look for somewhere that Gracie can stay. They joke around as they find a place, and talk about Bear.

Gracie and Elaina go to build the house, and Moonzy and Jonah move aside to catch up. Moonzy tells Jonah that she has been learning more magic to have more control over it. Jonah tells Moonzy that he and Bear aren't on the best terms but he doesn't want to go into detail. He tells Moonzy the events that happened such as Neptune returning for a bit, Bill leaving to Hell. Moonzy lets Jonah know that they won't be going on another trip for a while.

In the meantime, Gracie and Elaina talk about various things such as flowers, nature and other topics. Jonah tells Moonzy he has somewhere to go quickly, but will return soon. Jonah walks to Bear's house and notices the changes. Bear invites him in, and enquires about Gracie. Jonah explains everything that has happened. Bear is worried that letting new people in is not good for him, and Jonah can take care of things as long as he tells them not to mess around. Bear's house is extremely overgrown, and he has a blanket over his shoulders. Jonah walks back to find the others. Gracie plans to make a house with a lot of sunlight. They all build together to help Gracie, and teach her about building and various other things. Moonzy pulls Jonah aside, and asks about Bear. Jonah tells her what Bear said, and his nerves about new people joining. Moonzy decides to chat to Bear, and Jonah tells her not to intervene. They continue to just build Gracie's house.

> *JonahWill*: My Dark Past - BearSMP Lore

Warning: There are mentions of death and war in this recap. Take care.

Jonah is sitting on Seeds in a field, thinking back to the past. He talks to Seeds about a war that happened 4 years ago, with 3 other friends against a mad King. One knight threw a potion at Jonah, blinding him, leaving him vulnerable on the ground. He was too dizzy to comprehend what was going on. One of his friends betrayed him, and targeted him. He stood by the mad King, and was targeted. Jonah was defenseless and couldn't do anything. Luke, one of his friends, passed away in 2017. Jonah is deeply upset, and didn't realise how close he was to the place where Luke died. Jonah didn't see Luke die, but Fred informed him of what happened. Fred was left alone, Luke was gone, Jonah was knocked out from the potion and their other friend stood alongside the mad King. Jonah felt so much guilt for everything that happened, and Luke died for him. All the people in the village died, and Jonah is convinced it was his fault. Jonah turns to anger, as he thinks about the "friend" who betrayed him. After this battle, he went insane, drowning in guilt. He couldn't

handle everything, he left camp and went on a mission without stopping until he found his betrayer. He wanted to make sure he was dead to pay for Luke's death. Him and Seeds walk away from the village and towards a mountain.

As he leaves the village, face is visible in the window of a house, but it is unclear who.

He thinks he has got to terms with everything, and finally accepted things weren't his fault. He hopes that wherever Fred is, and that Luke can forgive him. He is glad to be home, in the bearSMP, and that he is safe and okay. He puts Seeds into his stable, and says goodbye. Jonah looks at the bearSMP and hopes that they can forgive him.

LIVE TODAY

> *Guqqie*: very normal bearsmp stream. :) [LORE]

The stream starts with Guqqie talking to chat, and telling them that she is very great. She goes for a walk in the rain. They haven't been outside for a while, so they stroll around the bearSMP in the rain. They first go to Big Wheat and walk through. Guqqie mentions going home, and says that they will definitely go home because they hate where they are now. The only thing that she cares about is Big Wheat. The issue is that Big Wheat doesn't talk to her, which is what she needs. She counts up, and realises that she has been there for around 4 months now. Guqqie talks about her own planet, and how the bearSMP changes with seasons and it's unusual and unfamiliar to her. These changes frighten Guqqie, as she doesn't know who or what to trust. It begins to storm. She begins to talk really fast and convinces herself that she still talks to people and that Bill and Neptune are still there. Guqqie hasn't slept in a while, and refuses to sleep. The rain stops, and Guqqie comments on the stars, and how much she hates them because she doesn't like to think about them. She says that she will never visit Earth after she gets home. She stands upon her tower, and looks out. They've been scared to go up the tower for a while, but they are no longer scared and refuse to listen.

Guqqie is sure her parents and siblings are looking for her. She repeats over and over that she is fine.

They thought that going out of the lab and getting some air would help her get clarity, but it didn't help. She is getting impatient and just wants to get home. Guqqie thinks back and cannot work out how many hours she has spent in the lab. She is taking a small break and will get back to work as soon as she can so she doesn't lose any time.

Guqqie has a date in mind to leave. The only people that care are people at home. She looks at the sky as the sun begins to rise. They head back down, and go towards the lab. She spots Bear's secret place, but says she doesn't care. She grabs a book from her chest, named 'a conversation.' Inside, it contains one page, with a link. (<https://youtu.be/immNzHKrZgk>)

"conversing"

How long has it been?

What?

How long has it been since you slept?

Um, I don't know, maybe a couple hours.

Wrong, it's been almost eight days.

That long already or are you lying again?

I wouldn't lie to myself.

How are you feeling?

Fine, I'm feeling fine.

Your hands are burnt.

They are, I can't feel them really.

Are you not tired? Maybe it's time to sleep.

No, I don't need sleep, I'm so close to finishing this.

A few hours of sleep might help finish it faster.

No.

Why?

I don't want to see you.

Interesting.

You have bags under your eyes.

I do.

Yes. You need to rest soon.

I don't

Your hands are trembling.

You(r) chest is heavy with a cough that sounds so violently painful.

I'm almost done.

When will you be done?

By the 29th, I hope.

And if not by then?

Why are you here?

I have been here the whole time. You chose when to listen to me.

I'm done listening.

Let's go get some air. It's been over a week.

No, I'm fine.

You might die down here before you even get a chance to use that thing.

I won't, why do you care?

If you die, I die. I'm you.

I don't care. Leave me to my work like everyone else has.

Don't your eyes sting?

No.

Stop being stubborn. I know they are.

If I go for a walk, will you leave me alone?

Sure. Let's go for a stroll.

((Description of video reads: I will get home soon no matter what it takes. I will see them all again.))

LIVE TODAY:

> *JonahWill*: Fred. (BearSMP Lore)

It starts with a cinematics, explaining Jonah's past, and his friend leaving him. It cuts to Jonah at Luke's grave. A voice says Jonah, and

he turns around to see Fred. They're shocked to see one another, and Fred explains that he has been living in the village. Jonah is very annoyed about everything that happened all those years ago, and Fred is very apologetic.

Fred tells Jonah he knew he would be fine, and he had to leave. He understands his cowardice and apologises. He asks for things to go back to how they were, which Jonah doesn't think is possible.

Jonah asks how long he has been in the village, and whether he was following Jonah to the bearSMP. Fred has only been nearby for a month.

Jonah said that Fred was the person who helped him through his unstable times. Fred wants to talk, get on the same page and sort everything out.

Fred enquires into what Jonah has done recently. Jonah agrees to talk, and walks him back to the bearSMP. Fred admits to be hiding to find out what Jonah has been up to recently.

Jonah talks about being a knight, and they talk about the pros and cons. They walk around the bearSMP as Jonah updates Fred on everything he has done in the time he has spent in the bearSMP.

They pause, and Fred invites Jonah to go away with him. Jonah declines, saying that he needs to stay in the bearSMP but realises most of the people either have left or no longer like him.

Jonah mentions Guqqie and Fred asks more about them, Jonah comments on the argument they had recently.

He takes Fred to meet Seeds after a long time.

Jonah talks about multiple members and their problems (Guqqie wanting to go home, Bear's issues with the PerfectSMP).

Jonah doesn't think he is ready to go back to normal. He spots Moonzy, and goes to introduce Fred to them. Moonzy hands Jonah a laxative, and they introduce themselves to each other. Moonzy notices Jonah is uncomfortable and kindly tells Fred to "fuck off".

Jonah says it's okay, and Fred tries to lighten the situation by mentioning Jonah's constipation.

Jonah tells him to go, and he will find Fred when he is ready. Moonzy and Jonah talk about Fred for a bit, before she lets him know that she is always there for him.
