

How to request a Totoro account?

ITU User Documentation

Version: Sep 25, 2023

1. How to create a Totoro account?

1

1. How to request a Totoro account?

Totoro is a high performance cluster - HPC - at i3S (<https://www.i3s.up.pt/>).

To request a Totoro account the Group Leader needs to send an e-mail to hpc@i3s.up.pt requesting access for the new user.

The access credentials and other relevant information will be sent by the i3S team.
