

Instruction: Find a partner in the classroom and take turns interviewing each other. Please note that the responses you share will be shared with your classmates, so you do not have to share information you are not comfortable with. If you feel like you shared something you are uncomfortable with, redact portions of the interview afterward.

Copy this Google Doc. Interview your partner using the provided interview script. Write or transcribe your partner's responses in as much detail as possible. Fill in the interviewee's responses below, and submit everything below the == line on Canvas once you have completed the interview.
