

TITLE OF PUBLICATION MANUSCRIPT
(CENTER, BOLD, CAMBRIA 12_{pt}, SINGLE SPACE AND CAPITAL)

1st Author, 2nd Author², and so on → (11 pt)

¹Institution / Affiliation, ²Institution / Affiliation → (11 pt)

e-mail: ¹abcd.123@efgh.ac.id , ²abcd.345@gmail.com → (11 pt)

(Write the full name of the authors without their titles and their affiliation with capital letter at the beginning without bold, write author's email address like an example above)

Abstract

Abstracts in English are written in one paragraph, with 1 space, italic style, and not more than 200 words. The abstract is not an "introduction" or conclusion to the discussion but is limited to: (1) the main question and background of the problem being discussed; (2) research position; (3) how the question is discussed (method); and (4) the main results of the discussion/ research. Other important points discussed in the article that contributed significantly to the research results can be noted here, but you should take into account the space limitations listed in the abstract. → Abstract (10 pt)

Key words: *only mentioning specific concepts (words or phrases), 3-5 concepts, truly conceptual words, and not too general in italics.*

INTRODUCTION

Introduction contains an adequate background to show the gap of the study, objectives, and benefits, theoretical review, previous studies (state of the art) as a basis for "gap analysis" statements of the scientific novelty of articles, and hypotheses (if any). Write your text here using Cambria 12_{pt}, space 1,15 , and page A4. In the last part of the article must state the art or the novelty of scientific findings. Besides, you can also elaborate with another's research finding.

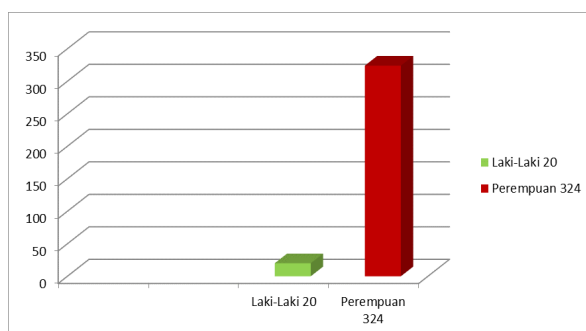

In this part, at least must answer two questions: (1) why did your research is important to be answered? (2) How did the correlation of your research with the previous research, and how did your research give contribution to the next research?

This document was a *template*, can be downloaded at the web. In order to fulfill the requirements of the paper, please use this document as template, then

insert your text in it.

METHOD

This section describes in detail the research framework, research subjects, instruments, time and place of the research, method of collecting data, data analysis, and others instruments related to research. This section should inform the reader about the types and methods used by the authors in this study. Accurate and appropriate information should be ensured for further research. Quoting definitions directly from the books should be avoided in this section. To make graphic, picture, or table must be stated at the middle of page

Graphic1.

RESULT AND DISCUSSION

In the result and discussion section, contains about analysis's result which related to the research's questions. Every single result must be discussed. Discussion contains interpreting research's finding and comparing with previous theory or same research's finding. At this section may add another part as needed. The part can consist any sub-part, written by bold font and italic as follow:

1. ***Sub-part as part of main part***

You should not add special rule in typing text. The content is typed as like other text.

2. ***Another sub-part***

Even though, you may need sub-title under this section, but it is not permissible.

If you need to add table, picture or other illustrations, just give it at the attachment. Accommodating table or picture must be mentioned at the text

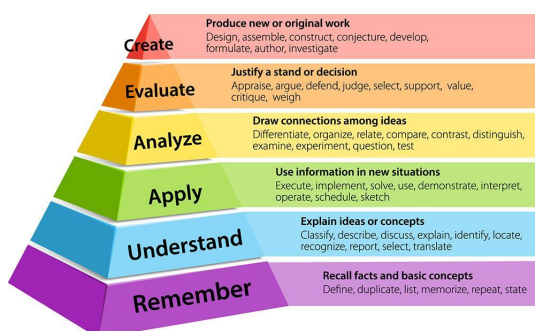

(Nama Penulis)

sentence using *single spaced*. If inside the table, state words or numbers, please use font Cambria 10_{pt} as the example follows:

No	Study Program	Amount	
		Male	Female
