- c). A major focus has been on preparing for the upcoming General Meeting and our motion around BASC coming under the P&C. This is a significant topic and it's been a good process so far of consideration and due diligence. Thanks again to Luke Whenman for his role leading this.

5. PRINCIPAL'S REPORT:

a). Thank you to the P&C for your help/support at last term's Centenary Assembly. We very much appreciated your assistance, especially with the afternoon tea.

b). External Validation

a). This term we undergo External Validation. This is a process that occurs every 4 years in all NSW DoE schools. We have prepared a submission showing evidence of practice and this will be examined and discussed with an external panel on 26 August 2025. We have also prepared 'Future Directions' for PHPS as we start a new school planning cycle next year. This will also be discussed with the panel. Findings from the External Validation process will be shared with the parent community.

e). 2026 Dance Spectacular. - Aidan asked for an update to the June meeting discussion, advising that some people/businesses have indicated interest in helping/supporting the event going ahead in similar format.

a). Alison responded by saying the school is working through issues related to dance spec 2026 planning as follows:

- i). With Student Numbers decreasing, casual teacher resources will be reduced, one of whom is a key dance spec organiser Simone Partridge.
- ii). To maintain learning priorities and dance spec resourcing (Simone) additional funding support would be required for ~1 Day a week @ at a current estimated cost of \$26/27k next year
- iii). The school will be looking at these issues more closely to identify potential solutions over the coming weeks.

8. SUB COMMITTEE REPORTS

Uniform Shop:

- a). **Total Sales in June:** \$4133.90 (133 items sold)
- b). **Total Sales in July:** \$1,994.20 (101 items sold) includes school holidays for 2 weeks
- c). **Winter Uniform**
 - a. Some winter uniform items are out of stock, and will not be reordered until next winter season, once a decision has been made on uniform review as some items might change. This is to reduce possible wastage as the lead time to receive any new stock is too late to receive in time for this season.
- d). **Uniform Review**
 - a. As discussed at the last P&C meeting a transition plan for up to three years would be in place to help manage any changes in sports and formal uniforms and reduce stock wastage during the transition. The main supplier we are working with to provide information on the everyday wear concept has advised it would take approximately 24-28 weeks (6-7 months) from approved designs to arrival of stock. This time frame includes finalising designs for manufacture, pre-production samples and approval process, overseas manufacture and shipping. Should decisions on new uniforms be made by the school/community by the end of Term 4 2025, this would mean that new

uniforms would be available to purchase from Term 4 (summer 26/27) for Kindy Starters 2027 and existing students.

- b. The Uniform Shop will review this overall time frame against required stock of current uniforms for the upcoming summer season 25/26 and winter 26 to have adequate stock in both formal and sports options. Keeping in mind that the P&C will be cautious with holding excessive stock, there may be some adjustments made or there may be limited stock available in certain sizes. The school will need to provide an update on the progress of the uniform review to allow the uniform shop to make decisions on how much stock should be ordered. There are issues such as minimum quantities and lead time to order some of the formal uniforms, which the uniform shop will discuss with the school in the upcoming weeks.

Canteen:

- a).

Gardens & Grounds:

- a). The plan is for a trimming and mulching day on Sunday 24th August followed by a general tidy up day at K-2 on either 14th or 21st September in preparation for the Community Picnic.
- b). The mulching day will include clearing the pile of branches on Trebor Road fence. The branches might need to be moved earlier if the planned shipping container (storage for dance spec things) arrives before 24/8.
- c). Turf has been laid by Assets on the area of old demountable at 3-6 and the fencing is still in place. The rain will help it survive initially. Several rolls of turf were left over. These will probably be laid by G&G to extend the existing area of new grass.
- d). Cliveas donated by Lucinda have been planted near the 3-6 office. They will gradually provide extra habitat for the resident blue tongue lizard.
- e). Rotary WPH has donated a small number of native plants. There is a possibility that Rotary may help with replacing the very worn shade cloth on the shade house at K-2. PH Rotary constructed the shade house many years ago.

Band:

- a). The Jazz Improvisation workshop which we ran at the end of the school for some of our SCB & JB students was really well received, and the students got a lot out of it.
- b). This term is lining up to be quite busy, with the Australian Schools Band and Orchestra Festival this coming weekend, and Ryde Eisteddfod next week. Then later this term we'll have the Northern Sydney Symphonic Wind Ensemble Spring Music Festival, Music by Moonlight, and bands playing at school assemblies.

- c). We've started running information in the school newsletter for recruitment for next year, and will be pushing out more information as the term progresses.
- d). Finances are still adequate for running the program.
- e). Still looking for someone to take on the band convener role for next year.

Strings:

- a). The Junior ensemble commenced Week 2 with 14 students and is going well so far.
- b). The main ensemble is playing in the Ryde Eisteddfod on Wednesday 13 August.
- c). We are hoping the junior ensemble will be in a position to play at the Picnic day, in addition to the main ensemble.
- d). Finances are stable.
- e). We continue to struggle to get assistance with running the program and will look to recruit some parents from the junior ensemble once it has become more established.

Picnic Day

- a). We have completed a shed audit and communicated with stall holders about available items. Massive thanks to Chris L, Pip and Gareth for help with this
- b). Plan is to use up any items we can from previous fetes. As there are a lot of signs that say fete, we are considering whether we can put up the old fete signs to promote the event
- c). Still finalising map and space allocations, resources needed and payment methods (for stalls and gate donations)
- d). Utilising a central sign up link for getting volunteers for all the stalls - we encourage people to sign up and help however they can as this will be a big day
- e). Hoping to hold a mufti day towards the end of term to gather lolly donations. We'll be reaching out to the school soon about this.

11. GENERAL BUSINESS

- a) BASC motion - Gareth and Luke provided summaries of the process thus far in terms of the BASC entity needing to transition, and the due diligence conducted by the P&C

regarding BASC's financial status.

Motion proposed: That the Pennant Hills BASC should terminate its current interim licence arrangement with the Department, be dissolved, and be incorporated within the PHPS P&C. This proposal carries the proviso that BASC presents the P&C with a clear plan of future financial stability around staffing numbers along with a robust transition plan from Agnes to a new director.

Motion proposed by: Luke Whenman Seconded by: Paul Hill

In favour: In person 10, Online 29

Abstained: In person 1

Against: 0

Motion carried

- b) Bain Maries - Audited Stored room contents. 7 Bain Maries, not in tip top condition, but potentially a surplus of equipment. Unlikely to use in the future, and a potential safety concern. - c) Father's Day Breakfast - 5th September. Proposing a grab and go.
- d) Interrelate session about puberty for stage 3. Further Discussion and wrangling of volunteers. Erin will chase up. Mrs Hercus (the counsellor here) used to work at Interrelate so we can liaise with her too.
