I'm Picking up for the Pups!

In celebration of National Oceans Month I'm collecting pledges to benefit Marine Mammals of Maine (MMoME). By cleaning up trash that is outside I'm helping to keep our oceans and marine mammals safe. Funds collected will help MMoME to respond to stranded marine mammals and sea turtles in southern and midcoast Maine, care for sick, injured and abandoned seals from all over New England, study East coast marine mammal populations, and educate about global marine mammal conservation. Thanks for supporting me!
