

Learning Proposal Plan

J. Babalis, 2023-2024

Topic:

Rational:

Why are you pursuing this topic for learning?

What have you observed in the children's play, conversations, or questions?

Context:

Explain the physical space you will utilize and organization of your setup.

Materials List:

Guiding Question(s):

Curriculum Connections:

Which of the four frames are you uncovering?

BC - Belonging and Contributing

SRWB - Self Regulation and Well Being

DLMB - Demonstrating Literacy and Mathematics Behaviours

PSI - Problem Solving and Innovating

Documentation Goals:

Describe how you will document the learning. (Observation notes, photographs, videos, conversations transcribed, collection of work samples such as drawings, writing, paintings, creations, etc.) (Format, e.g., google docs, clipboard, blog post, Instagram story, YouTube video, bulletin board, etc.)

Interpretation of Learning:

How did the learning unfold? Share reflections and analysis of documentation gathered.

Suggestions for Further Research and Relaunch:

What will you do next? What ideas do you have to extend the children's thinking? What materials might you offer? What prompts or questions will you pose?

How might you spark further learning?
