When signing in to Seesaw on the iPad, many students try to type the Google username and password one step too soon.

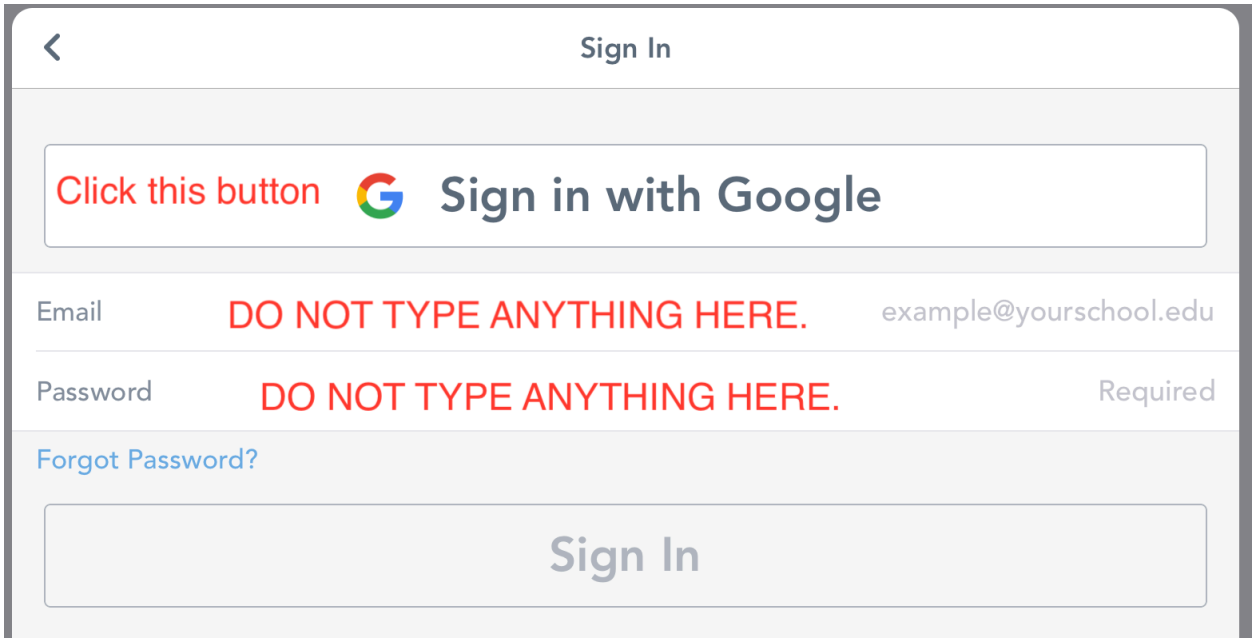

After you open the app and select “I'm a Student”, you tap the blue “Google/Email Sign In” button.

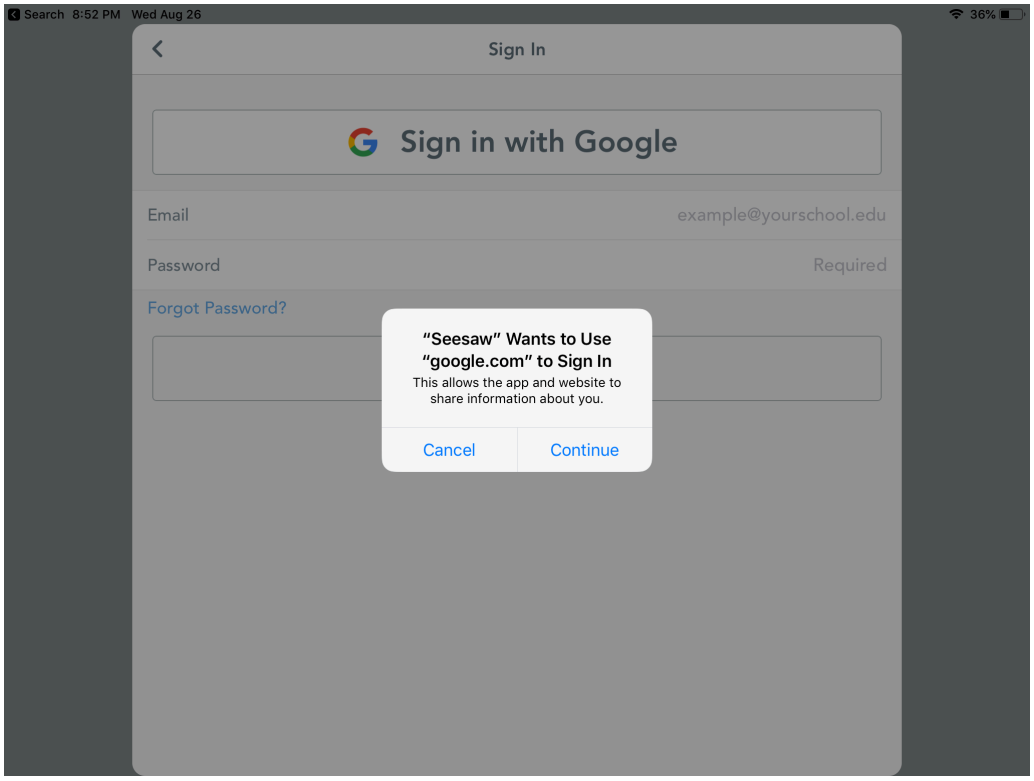

Next you will see this screen:

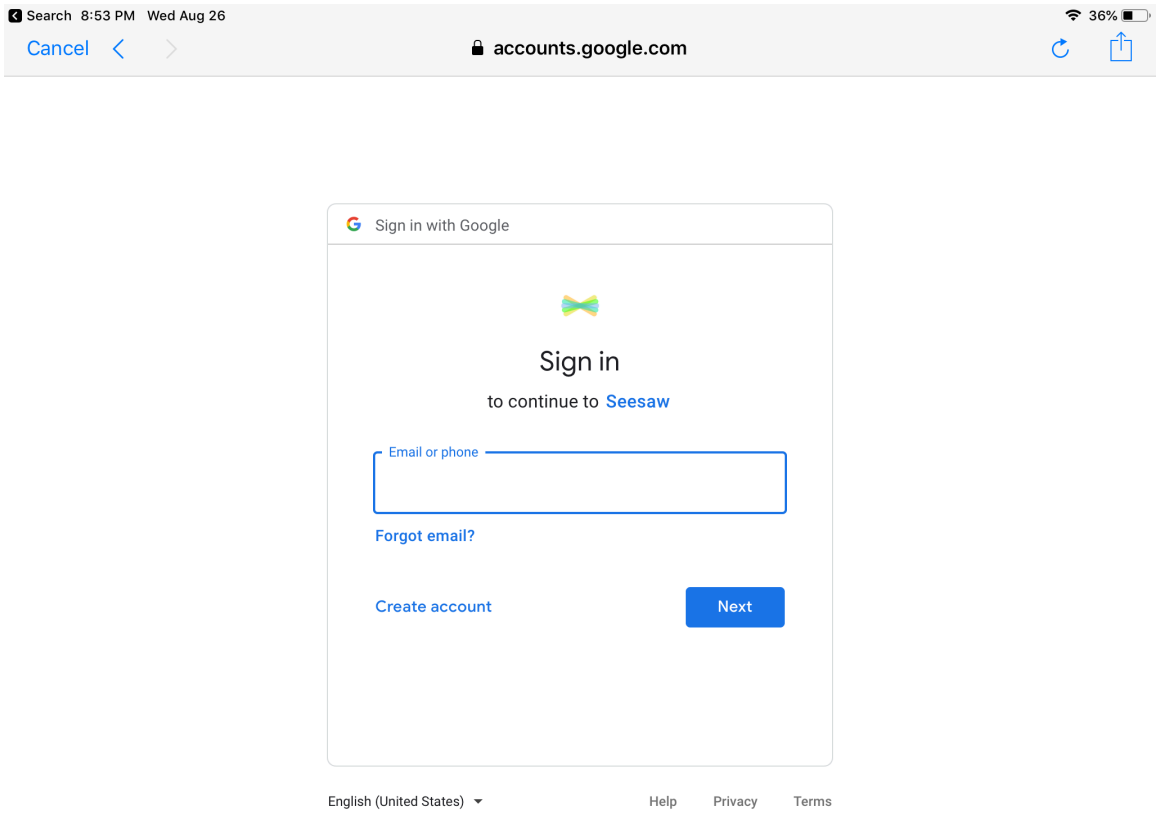

People sometimes mistakenly type the Google username and password in the Email/Password boxes. Those boxes should remain **empty**. "Sign in with Google" on this screen is a **button**. Students should just tap the button.

Tapping the button should take students to this screen:

Tap "Continue", and then you will see this screen:

That screen is where students will enter their D64 Google username, and click NEXT. Then students will enter the password, which is **64**. This will complete the sign-in process.

Grade	Username	Password
	8th Grade Graduation Year+First Initial+Last Name **@studentsd64.org** NOT CASE SENSITIVE	**D64** (case sensitive)+*student ID number* CASE SENSITIVE
PreK	2031astudent@studentsd64.org	64
K	2030astudent@studentsd64.org	64
1	2029astudent@studentsd64.org	64

Here is a step-by-step video of the process if it's more helpful than the screenshots.
