WHAT IS A CHRISTIAN?

WHAT A CHRISTIAN IS NOT.

Many people believe- One is a **Christian** if you born in a Christian family, if you go to **Church**, if you read the **bible** sometimes. Maybe **pray** with others, say you were **baptised** as a baby, or **might be born again** or even say you are a **good person**. Is this good enough?

WHAT ONE MUST BELIEVE?

That God sent Jesus to Earth with a message, that all who **believe** in His message will have their sins forgiven and go to heaven when they die.

WHAT ONE MUST DO-JESUS SAID-

You must not **judge** others or you will be judged.
You must **forgive** and **pray** for those who offend. you, and **love** them even if you don't like them, or you wont be forgiven. You must be a **light leading others to God**, like a **tree** bearing tasty **fruit**. You must be a **messenger of hope** and **share** your faith with others who are suffering. You must **pray** to God in **spirit and in truth**, **not like religious hypocrites**.
