

[「女媧創造」主打台灣製獲鴻海注資兩億元缺工少子時代來襲服務型機器人走紅](#)

AI Robotics

[AI Robotics](#) We are a visionary enterprise poised to emerge as one of the leading robotics companies in its native France, AI Robotics will unveil five revolutionary AI-driven robotic solutions for the hospitality... 60903

[ALBA - ROBOT S.R.L.](#)

[ALBA - ROBOT S.R.L.](#) ALBA Robot, a Turin-based innovative startup, revolutionizes mobility for People with Reduced Mobility (PRM). Our self-driving micromobility platform empowers PRM indoors and in pedestrian areas, fost... 62201

Arche Robotics

[Arche Robotics](#)

Barrett -- Advanced Robotics

[Barrett](#) -- Advanced Robotics Barrett makes the world's most advanced robotic arms (Guinness World Records, Millennium Edition) that have the speed and grace of human arms for testing wearables devices and other studies of human m... 9175

Capsix Robotics

[Capsix Robotics](#) Capsix Robotics invented iYU, the world's first hands-free robotised massage bed with its real-time 3D bodyscan. iYU is a blend of AI technology and robotics that offers the best quality of care, intim... 60711

Closer Robotics

Closer offers automated palletizing, picking, and packing solutions, prioritizing food, cosmetics, and high-mix, low-volume manufacturing. The compact, user-friendly system utilizes near-zero-shot lea... 62801

Deus Robotics

[Dof Robotik San A.S.](#)

Dof Robotik San A.S. Our approach is to work side by side with our clients and partners to deliver the best quality amusement products. Thanks to our experience and know-how of the amusement industry, we can understand yo... 16945

ECOVACS Robotics Inc.

ECOVACS Robotics Inc. ECOVACS ROBOTICS advances robotic technologies to serve the world and create a holistic ecosystem between human and robotics in lifestyle and production. Over the last 25 years, ECOVACS transformed fr... 52632

Gole-Robotics

Gole-Robotics AIR-AMR streamlines construction processes by autonomously delivering materials to work locations, replacing labor-intensive tasks with robotics technology. 61459

Haply Robotics

Haply Robotics Haply Robotics is a Canada-based, award-winning supplier of haptic and robotics technologies, with a strong track-record of applied R&D and product development. Haply's latest offering is its flagship... 8968

Helper Robotics

Hills Robotics

Hills Robotics We, at Hills Engineering, develop and manufacutre Autonomous Mobile Robots and their software. Our proprietary robot software replaces hefty sensors of AMRs with affordable ones while ensuring robust ... 62919

Intuition Robotics

Intuition Robotics ElliQ is the first AI robotic companion for older adults that offers companionship, connection to loved ones, wellness support, and more. ElliQ proactive AI reaches out and adapts offerings based on u... 53623

Intuition Robotique & Technologies

Intuition Robotique & Technologies ILO is an educational robot that makes teaching and learning STEM fun and interactive. It can be adapted to the level of the student, from elementary school to high school. What's more, ILO is built t... 61201

Kepler Exploration Robotics Co. Ltd

Kepler Exploration Robotics Co. Ltd Kepler Exploration Robot aims to solve the challenge of labor shortage by its highly innovative Humanoid Robot Platform. 60840

Link Robotics

Link Robotics AI Based Navigation Solutions for Future Mobility 63233

LOTUS ROBOTICS

LOTUS ROBOTICS Lotus Robotics was established in November 2021, the company pursues to 'fully empower the era with robotics'. Its business scope includes research and development of intelligent robots, artificial i... 9217

[Matic Robots Inc.](#)

[Novelte Robotics Ltd](#)

Novelte Robotics Ltd Novelte is an innovative tech company revolutionizing robotic autonomy with affordable, advanced vision and navigation solutions. Our unique product combines computer vision, sensor fusion, and hardwa... 63400

[NUWA ROBOTICS](#)

NUWA ROBOTICS NUWA designs and builds robots for commercial, home and educational markets. At CES, we introduce our new line of Service Robots with no-code RaaS platform. Businesses small and large can now fuse rob... 62901

[Nuwa Robotics\(HK\) Limited](#)

Nuwa Robotics(HK) Limited Founded in Taipei in 2016, NUWA Robotics specializes in comprehensive robotics technologies. Our modular platform, adaptable for any service scenario, caters to global companies on an OEM/ODM/JDM basi... 9069

[Ogmen Robotics Inc](#)

Ogmen Robotics Inc We design and build robots with cognitive capabilities; introducing and pioneering new advancements in intelligent robotics for the consumer market. Our first product; ORo is an intelligent robot th... 60213

[Polymath Robotics](#)

Polymath Robotics Polymath Robotics makes it easy to add autonomous navigation to any off-highway vehicle. 10852

[Protom Robotics S.r.l.](#)

Protom Robotics S.r.l. Protom Robotics pioneers social robot innovation, envisioning a future where technology enriches human lives. Driven to bridge humanity and technology, we integrate advanced AI into innovative hardwar... 62201

[Richtech Robotics](#)

Richtech Robotics Since 2016, Richtech Robotics has provided collaborative robotic solutions to the service industry, including hospitality and healthcare. These cutting-edge solutions enhance the customer experience a... 9335

[Robotistan Elektronik Ticaret AS](#)

Robotistan Elektronik Ticaret AS We offers solutions for interested in STEM, Maker culture, educational technologies, and coding. We have produced over 200 products in this areas, each with its own unique focus. These products have b... 60111, 63233

[SEI Robotics](#)

[Sequor Robotics, Inc.](#)

Sequor Robotics, Inc. SERO-VMR is a Vision-based autonomous Mobile Robot with swift motion using Spatiotemporal Robot Brain Technology and robustness to environmental changes using Neural 3D Vision Technology. 61647

[Shift Robotics](#)

Shift Robotics Shift Robotics' first product, Moonwalkers, are nano-mobility devices that allow users to walk up to 3X faster than normal. They are also driving 2X+ productivity gains for businesses as employees usi... CP-20

[Sweet Robo](#)

[Tommoro Robotics](#)

Tommoro Robotics AI-based intelligent grasping robot company for logistics automation. 61647

[Triangle Robotics Co.,Ltd](#)

Triangle Robotics Co.,Ltd AI-based educational autonomous vehicles, including educational curricula and textbooks, aiming to make it easier for students and research institutions to program within the realm of education and re... 60838

[Uls Robotics Co.,Ltd.](#)

Uls Robotics Co.,Ltd. ULSrobotics Co., Ltd. (referred to as ULS Robotics) is a robotics technology enterprise specializing in exoskeleton platforms. The company focuses on R&D, promotion and applications of exoskeleton rob... 73207
