General Info

Types of ships/non-ships that may be included:

Pro hero x villain, UA student x villain, poly ships, selfcest (ex: Deku x villain! Deku), incest ships, queer-platonic, platonic, hero vs villain.

Ratings?

Content rating for fics and art can range from General Audiences (SFW) to Explicit (NSFW).

Content restrictions?

There are none! This zine will use tagging systems for informed decision making just like you might see on Ao3. Given that all work will be tagged, all potentially triggering content is allowed. This includes dead dove content. How dead can the dove be? So dead it's a zombie that can eat and infect other doves.

What do I need to tag?

Consider what you would naturally tag when posting it to share with others. If mods think more or less tags are needed then we'll let you know. It's nothing to worry about.

Writer FAQ

Word count?

There is no minimum or maximum word count.

Do I need to find a beta reader and make it "perfect" before submitting it to mods?

No. All submissions will be read, edited, and formatted for the zine design standard so you can take advantage of that. How? By asking mod(s) to beta your fic and be a part of the process to make it ready for final submission. If you end up not having time for that, that's okay! Because it'll be edited before being put in the zine anyway.

Artist FAQ

What are the dimensions for artwork?

You have a maximum space of 125 x 180mm. You can use the whole thing for one piece or multiple pieces. You can also use only part of that space in order to share the page with text from a fic if you're collaborating with a fic writer (or want to add it to your own fic).
