

CTLA Spring 2026 Testing Information

Contact for Questions: Debby Woodard (debbywoodard@johnston.k12.nc.us)

Our Spring Final Exam Assessment window will open soon, and we are making final preparations for a successful testing season. **Our testing window begins on May 14, 2026, and closes on May 27, 2026.** As we finalize our plans for this fall, we are sharing some important information with you. Your student must participate in their scheduled exam, which will count as twenty percent (20%) of your student's final grade for the class. A letter has been distributed to the students from Johnston County Public Schools about testing retakes. This letter is due back to the EOC teacher by April 15, 2026. **It is imperative for students to return this letter.**

REVIEW SESSIONS: Week of May 11, 2026 - May 13, 2026: TEACHER-MADE EXAMS MAY 14

Please note that review sessions are MANDATORY. They are not optional. Teachers will be taking attendance. Students who DO NOT participate in a review session before the EOC/NCFE will not be allowed to take their exam until they have attended the review session for the course. The names of students who fail to attend review sessions will be given to Mrs. Singleton.

EOC TESTING SESSIONS: Friday, May 15, 2026 - May 27, 2026

- All tests will be taken on a Johnston County Public School device.
- Lunch will be available beginning at 11:00 am. Make sure that if you want a school lunch, you order it via Google form a week in advance. For EOCs, **Students should not be on campus who are not in an exam session.** Students with available transportation may be signed out from the Main Office with "parent permission" once their testing session is completed.
- **Note:** Students may sign out from the main office to go home with written parents' permission after the official exam time has been completed. Students will not be permitted to check out of an active exam location.
- Students **MUST** present a parent note to the office that permits CTLA to release students after the official test has been completed. If a student has multiple EOC they will take them in this priority order:
 - Day 1: English → Biology → Math 3
 - Day 2: Biology → Math 3
 - Day 3: Math 3
