

HUOMIO

Pyrin listaaman tähän dokumenttiin kaikki modit, joita pelissä käytän. Lisäksi oman välilehden alta löytyy keskeisiä poimintoja muista ladatuista, kuten esim. korvaavat. Käytän tätä sivua lukuun ottamatta kielenä englantia, koska olen laiska enkä ala suomentamaan jokaista modia ja termiä.

Lista on KESKENERÄINEN ja luultavasti ikuisuusprojekti, mutta toivottavasti siitä huolimatta hyödyllinen.

Mods

UI

Clean UI + connected lines + BodyShop + BodyShop background

Better bubbles

No pause frame

Wider design tool

Longer novel titles

Graphical

Lighting & environment

[Accurate Neighborhood Terrain Lighting](#)

[Blurry Skies](#)
