

Terms of Service (TOS)

Thank you for taking the time to read and understand my Terms of Service. When commissioning me, you automatically agree that you understand my TOS.

- My art is NOT allowed to be submitted or used towards any AI tools. Do not put my art in any app that turns it into an AI made image.
 - AI art is not welcome to my profile.
- You are allowed to use my artwork anywhere you'd like, as long as you credit my Toyhouse or Instagram. (other social media's a perfectly fine too, these two are just my top pick <3)
 - If you'd like to make a sticker I made for you just for yourself, that is fine. You however, are NOT allowed to make stickers and sell them for your own gain.
 - When selling your character, sell the artwork at the same price bought.
- Customs and Adopts are not made for you to turn around and sell for your own gain. Over time if you grow tired of the character you are then allowed to sell them.
- When working on your commission I will keep you updated. Please be patient, I have a life too.
- When it comes to refunds, I try not to. If there is a financial issue or something wrong on my end, we'll talk it through and try to figure out a compromise. Once I send you the finished commission, and you accept the finished commission; there is a good chance you won't be refunded.
- My watermark is NOT to be removed. If I catch you removing or cropping out my watermark I will be very upset. Don't ask me to remove it. I won't.
- If you have a specific time you'd like this to finish, let me know before payment.
 - Depending how soon you'd like it, I may charge extra.
- I will post the images on my Instagram. I will tag and/or mention you in the post when made. If you would like for me not to tag and/or mention you, let me know beforehand please.
- If you would like me to wait a specific time (like for a birthday, anniversary, or as a gift) let me know and I'll wait to post. If you'd like I can tag/mention the person you are giving the art as a gift to.
- Please have a clear reference sheet ready! Please don't make me wait for you to finish a ref sheet first before sending it to me. I won't wait weeks for a ref sheet.

I have a hard time understanding things, so I may be a bit slow. If you'd like something very specific please explain very clearly. If I have any questions, I'll let you know.
