- Basic White: 4 ¾" x 3 ½" and 4" x 2"
- Poppy Parade: 3 ¾" x 1 ½"
- Smoky Slate: 1 ½" x 1 ½"

Instructions:

- Score and fold the card base in half as you would if you were making a normal card.
- Using Evening Evergreen ink, stamp the plant on the Basic White CS 4" x 2" piece twice (second time don't ink the stamp). Die cut both plants.
- Die cut the hanging plant holder with the Poppy Parade CS and the plant pot with the Smoky Slate CS.
- Glue the hanging plant holder to the plant pot. Weave the darker plant between the plant hanger and glue down. Cut the lighter plant into pieces and glue in between the darker pieces. Glue the whole piece to the top of the Basic White CS piece.
- Using Evening Evergreen ink, stamp the sentiment from the Charming Sentiments stamp set at the bottom, then glue this piece to the center of the Evening Evergreen CS.
- Make a bow from the twine and use a glue dot to adhere to the top of the plant hanger.
