

The practical exposure in line with the current needs of the society is provided to the students by incorporating the new lab courses into the curriculum. The UG and PG courses have been developed to provide required inputs to aspiring entrepreneurs and provide extra support. The Innovation & Entrepreneurship Development Cell (IEDC) extends the need based programs by organizing workshops / filing patents. Apart from the basic courses Guest Lectures and Workshops are also conducted for the improvement of knowledge and skill expertise. Apart from the technical courses related to each of the specific programmes, few courses have social relevance satisfying the local needs and also some courses are also framed to integrate the national movements like START UP INDIA , UJWAL BHARAT etc and the details of courses are given below.
