

August, 2021

Dear Parents,

My name is Krystin Babcock and I am very excited to inform you that I am going to be your child's first grade teacher this year. I am looking forward to a very productive and successful school year, in which your child will have the opportunity to learn and grow in a fun and nurturing environment. I would like to share some information with you and your child about my life, so we can start the process of getting to know each other.

I was born and raised in Huntington, Long Island. After I started my own family I decided that there was no other place I would rather live so we settled just a town away from where I grew up. I love Long Island and everything it has to offer, for example, a day at a local north shore beach or even a ride to Robert Moses, heading to the farmer's market in Northport on a Saturday morning, pumpkin picking out east on a cool fall day, or sitting by the fire with close friends and family during the holidays are just some reasons why I love where we live! Some things that I enjoy doing are reading, going on walks, taking my children to the park and having family and friends over for dinner.

I received my Bachelor's Degree in Childhood Education from CW Post and completed my Masters Degree in Elementary Computing and Technology from Stony Brook University. I have taught in the South Huntington School District since 2006 and I am very excited to start my eighth year at Countrywood!

I can't wait to begin our school year and I welcome you to be active participants in your child's learning experience. Your influence and support will be a key factor in your child's success. I can't wait to meet your child on September 1<sup>st</sup>!

Sincerely,

Mrs. Krystin Babcock
