

Serger/Overlocker NOC

Instructor: Betty

Type of Class: Serger/Overlocker

Skill Level: All

Description:

You've got a serger, YAY! Now come and learn all the features your serger has to offer. They can be intimidating at first, but once you've completed the New Owner Class you'll have a handle on threading, changing stitches, using differential feed, and so much more. We will go through the Serger Mastery book and make samples of each stitch along with making use of various settings. Once you've completed this class you'll be well on your way to finding ways to use your serger!

There is no charge for this instruction if you purchased your machine at Loving Stitches. This is a 3 part class. Class 1 and 2 will focus on overlock stitches, Class 3 will focus on chain and coverstitch. If you do not have a machine with coverstitch capability, please feel free to attend the 3rd class to see what cover stitch is all about and to practice what you learned in the first 2 classes.

You will need to download to a tablet or print the My Bernina Workbooks for Serger Mastery. The workbooks for your machine can be found here:

We can print the workbook for you if you would like, the charge is .30 cents a page. If you would like us to print a copy for you, please request your copy before the first day of class. Listed below are the supplies you need to bring to class.

Supplies you will need for class:

Machine & supplies

- Serger/Overlocker
- User manual
- Foot pedal
- Power cord
- Knee lift
- Serger accessories – bring everything that came with your serger to include extra feet
- Serger Needles
- Pen for marking samples
- Snips

- Thread - Bring **one serger thread cone of red, blue, green, and yellow**. There are kits available at Loving Stitches for purchase. Most serger manuals use these colors to identify the different thread paths used in a serger. Learning with these colors will allow you to identify which thread needs adjusting to achieve proper stitch formation, and to identify what happens when settings are adjusted for different stitches.
