

All Beards in Random Encounters

Hello, this is Lotte (LittleBrassGoggles), the person that got [loved once by The Stupendium](#) but never by Random Encounters. (Still writing comments on their new videos. When are they going to do a [Duck Season](#) song?) I also edit the Random Encounters wiki and hope to be an extra in one of their videos someday in my life.

But enough about me. Time for all you fans to spot that trademark ooogh-making coat-wearing BEARD!

Some other characters to spot include Mr. Meows, the Mortal Beardbat arcade cabinet, the Sweeping Man, the Giant Crazy Snake, and a plastic skeleton named Eisenstein McBones. If you're having trouble finding Mr Meows, check Gwen's lap.

Anyone can suggest or comment edits for this list.

-60 Seconds: 2:28 (it's in the top left, the only book they took into the bunker is called "Attack of the Beard") and at the very end on top of the bunker.

-The Amiibo Song: 2:19

-A Hat In Time: In the glitchy bit at the end (4:05)

-Alola Form for Me: 1:39

MC wears a Blue Badger shirt in all the Baldi videos.

-Baldi's Field Trip: 2:40

-Baldi's Big Zoo: 0:12, hiding behind a rock on the left.

-The Beard: Special Ooghdition: 0:15 and mostly onwards. (found by Ty Bassani)

This was originally submitted to "The Blood and Gorges Film Festival" in 2008 which would make it The Beard's first ever on screen appearance.

-Bendy and the Ink Machine: The Beard is the main character (besides MatPat).

-Best Fiends Forever: 1:55.

-The Best We Can Be: 1:14 (found by Ty Bassani)

This was the first ever video related to "The Smash Brotherhood."

Giovanni is played by Scott Leverett, AKA "The Sweeping Man"

-Bloopers from The Flag Pole Song: 0:30 (found by Ty Bassani)

WE SEE HIS TRUE FACE!

-The Brony Song: Because it was filmed live at a convention, no beard could have showed up without being a little too out of place.

- The C+ Shanty: 2: 1:28 to 1:30 (found by Big Berry the Great).

-Captain Toad: Treasure Tracker: 1:27 on the map (found by Ty Bassani)

-Castlevania: 4:35 - 4:47

-The Child: 1:18, on the top left on the fridge (found by Big Berry the Great).

-Companion Cube: 2:38 on the testchamber sign, slightly obscured by the button.

-Console War: 1:29 (brief, next to the man in the background)

-Cooking Mama: 2:06 (cookie cutter, bottom left)

There is some kind of drone floating above MC at 1:18. I personally think it's a Ghost from Destiny 2.

-Cult of the Lamb: 2:50 (as The One Who Waits).

-Cuphead: 3:27 (found by Ty Bassani)

-Cuphead REanimated: 3:24 and also at 3:33 as a plushie. (found by Ty Bassani)

-Cuteness in Major Thirds: 1:56.

Sandbag at 1:30.

-Dance of the Sugarplum Clefairy: 1:27 (found by Ty Bassani)

-The Day That You Die: 3:11

-Death of a Sim: 2:48.

The news article with the bomb is under the "letters from readers" section. It says in plain text "GET TO SAFETY, YOU FOOLS!" and someone quoted at the bottom right "You'd think this would be front page news."

-Death of The Beard: 1:00 - 1:32 and 1:50 (found by Ty Bassani)

The clips of The Beard shown are from "The Wario Song", "Pac-Man", "One Winged Office", "The Magikarp Song", "MEDICI", "Pikmin", "Nicole", "Ganon Claus", "The Best We Can Be", "Nothing is True", and finally "Why Not Wii U." (found by Ty Bassani)

-Detective Pikachu 2:56

The "lowlifes" were Jessie and James from the Pokemon anime series. Their "lair" set was also used for the front door in Let Me Go, Shovelwarewolf's third Christmas hideaway, and the basement in What's In Your Basement.

-Determined to the End: On the bottom right of the holographic Wwings (I found this accidentally when I was trying to decode them.)

Final Wwings decoded:

Warning: Spoilers Ahead! Translate at your own risk. FNaF Night 5 features: MatPat!!! He's going to be Phone Guy, who is a crazy murderer in a bear suit with a chainsaw flamethrower. But though he kills purple guy, Mark ultimately loses a captured and very angry Springtrap on MatPat, ending in the incineration for Freddy Fazbear's.

-Disgaea 6: 7:08 (found by Ty Bassani)

-Don't Let Me Go: 0:09, as a stork (found by Ty Bassani)

-Do the Jump Scare: 2:18 (found by Ty Bassani)

-Drinking With Clefairy!: 1:05 (found by Ty Bassani)

-E3: 1:35

-The Eevee Song: 1:50 (Some face could be seen behind the beard, but not slowly enough to identify him, as he was promptly hit on the head by the sweeping man.) The Beard was bounced out of the club at 1:58 by Plusle and Minun.

-Everything's A Puzzle: 1:44

The Shining reference at 0:24.

Mr. Meows at 0:51.

Directly ties into The Turnabout Encounter, where at the beginning Layton was found not guilty.

The number on the hospital card was 01-221-217-276.

-The Flag Pole Song: 0:48

-FNaF (supercut): The Mortal Beardsbat cabinet is seen in almost every shot. In night 1 the Beard is on one of the drawings at 0:53, and the Beard is holding hands with the puppet at 3:20 (both found by Big Berry the Great)

- HuniePop 3:36 (way in the background).
 - MC is wearing an Izzet League tee (whatever, I still like Simic best).
- Hyrule Warrior's Heart: 0:03 (Navi is the Beard).
 - Agitha at 2:17.
- Ice Scream Man: 0:03.

-Ice Scream Fun: 1:46.

-Just Monika: As far as we know, the Beard does not appear in person. Natsuki's manga book says "Parfait Beards" and can be seen as early as 0:26, but also in other shots throughout the video. A beard painting can also be seen from 2:43-47. He can also be seen as a sketch on the whiteboard at 2:48 (found by Ty Bassani).

The Beard Action Figure can also be seen with the sketch of The Beard (found by Ty Bassani).

The board reads "fuesuteibaru" (spelled as フェスティバル), which phonetically translates to "festival". A more commonly used Japanese word for "festival" is "matsuri", but because it usually refers to religious ceremonies, the American/katakana version is more appropriate in this situation.

-Keep Talking And Nobody Explodes: 3:42.

The alley set (with RE graffiti) was also used for Biffalo Bub's house. In addition, some fans theorize that Bub turned himself into the Beard in a failed attempt at Bussy cosplay, but if this theory is to be acted upon, we should bring in MatPat or someone smarter for advice.

-Kindergarten: In Monty's Shop you can see that the Beard's face is on a pack of cigarettes (0:17) (found by Big Berry the Great, timecode by Ty Bassani).

-Kindergarten 2: 2:21 (far in the background off to the right, only on for a split second).

-The K. Rool Way: 1:27 (found by Ty Bassani).

Einstein McBones at 2:52 (found by Ty Bassani).

-The Legend Of Ganondorf: 3:25 with the Bulbins (found by Ty Bassani)

Pause just after the "Zelda 2 is lame" line for a special message!

-Legendary Heroes: 3:33.

Giant Crazy Snake (and Einstein McBones) chilling with said beard.

-Lolcats: 0:57 (on for half a second after the word "beard").

-Lost in the Woods: 2:03.

The number on the lost dog poster is 888-601-2583.

The 0:46 note is highly out of focus, but it reads:

Dearest Mr. Slenderman,

My fondest regards to you on this, your XXth birthday! My heart partially races knowing you may (blurred) this (blurred) think of me! I've dreamed about your last night (blurred) that (blurred) should last (blurred) chasing children through the forest (blurred) the (blurred) Oh my! (rest is unintelligible) You simply must come and (blurred) I shall keep the photo of us at the carnival beside my bed. With much love and your formality, Slenderlady.

The 0:48 note is more legible, however.

GROCERIES:

Sack of chicken hearts

Cans of corn stool
Gallons of The Tears of Children
Grade 'A' oxballs (cage free)
Bag of mashed eyeballs - Blue
Packs of boneless hog face
Moldy pickles
Dark chocolate raspberry marzipan

-Luigi's Mansion: **Location unknown.**

-The Magikarp Song: 0:06.

-The Man From the Window: The Beard's face is on the chinese takeout food containers at 3:11 but is never seen in person (found by Ty Bassani)

The magazine with The Giant Crazy Snake on the cover from "Keep Talking And Nobody Explodes" can be seen on the side of the bath tub at 1:58.

-A Mei is in Danger: 1:29 and 1:56.

-Medics Don't Heal Scouts: 1:49.

I have personally played TF2 for a few hours, and I can safely say that the Medic would have been able to heal the Scout if he hadn't spent so much time singing about it. If he'd at least *tried*, he would have caught the Spy.

-Minesweeper: 1:50 (it's only on for half a second).

-Muffins: 0:21 on the stamp.

-My Own Little Nightmare: There is a picture of the beard in the room. It can be seen throughout the video as early as 0:25, but the best shot comes when Gwen stabs it at 3:46.

-Nana Knows The Ending: ~~This is the biggest mystery of all. I have already brightened the images and found the beard is not on the bookshelf or the toy sack. If anyone ever finds the beard here, they will be worshipped forever.~~ According to our friend Big Berry The Great, The Beard amiibo falls out of the toy sack at 1:46 (slow down the footage to see him before he ducks behind the other toys, he'll bounce once). Big Berry The Great is now the beard god! Thank you so much!

-NEW! The Beard Action Figure Sale! 0:25 (found by Ty Bassani)

This was the first appearance of The Beard's "Amiibo."

-Nicole: A Dead Space Love Song: 1:29 (found by Ty Bassani)

-No More Mama: 1:12. (It's the Beard amiibo, very out of focus. If you found this by yourself then congratulations.)

There's an interesting drawing on the fridge at 0:43.

You can find all the gift eggs from the Tattletail game in the video. They appear at 0:05 (foreground on left), 0:18 (top right in the drawer), 0:21 (to the right of the tissues), 0:37 (far off to the left in the background), 0:44 (in the fridge on the right), 1:36 (on the table in the background), 2:26 (shadowed in the top left), and 2:27

(in the basket), 2:52 (in the cake and also in Mama Tattletail's mouth). Kind thanks to [Xx Blazer xX](#) for finding this rare secret.

-Nothing is True: You have to stay after the musical finishes. The Beard is really obvious there (found by Big Berry yet again).

The Sweeping Man is on the stained glass at 1:28 (found by Ty Bassani)

-Number One: 0:41, to *start*. There were many more beards throughout the video, including AJ eliminated by "TeH_BearD_RE" every time. The beard appears so often that I'm not sure we even need it in this guide. I mean it's in the THUMBNAIL.

Mr. Meows at 2:20

-Octodad: 1:07.

-O Meta Knight: 3:08 as The Beard Amiibo (found by Ty Bassani)

Ganondorf at 3:34 (found by Ty Bassani)

-One Winged Office: 1:35 (found by Ty Bassani)

-Pac-Man: 1:18 (brief jumpscare).

-Paperboy: 0:05 (he's the first thing you see) and 1:58 (news article).

RE logo on mailbox at 0:16 (very brief).

The house number was 44560. One step closer to finding where the Beard lives.

Witty comments:

- The Beard will come eat you if you don't repost this.
- Wait, did you already find The Beard in this musical?
- Please don't make a typo and call him The Bread.
- Don't you just want to sleep in that fuzzy beard?
- We offer no liability for beard attacks caused by your silly insistence on finding the Beard.
- Technically speaking, The Beard has a BMI of 27.61. He is thicc.
- Ph'nglui mglw'nafh Beard California wgah'nagl fhtagn.
- Ooooooooooooooooooooooh!
- Does Beard eat? Or is he a being (or a bearding haha) of boundless energy? It would probably be hard to eat with the, you know, beard. Hmmm...

Next time you see a beard, give him a great big "wubba lubba dub dub" for me!
