Do not process this Spring cycle's apps in Slate.	<ul style="list-style-type: none"> ● Not processing this Spring cycle's apps in Slate will reduce the scope of what is needed by 9/30 <ul style="list-style-type: none"> ○ Not cutting over to Slate means we do not need to build out the reader and workflows until after 9/30/23 ○ We won't need Slate data to go into PeopleSoft until after 9/30 ○ More time to make decisions about transcripts since transcript data will not be needed until March 2024 ○ We won't need the applicant portal until after 9/30/23 ○ More time to review and make changes to checklist items ● Required PeopleSoft changes cannot be used in a production environment until after the Spring cycle ends <ul style="list-style-type: none"> ○ We will not bring old processes into Slate ○ NOTE: there is significant downstream effects of the process removal on IRAR, Fin Aid, and Registrar, so we need time to make sure these changes are understood and accounted for by all impacted groups 	8/9/2023

Deny applicants based on incomplete/insufficient/inconsistent application data during the Auto Admit process for Freshman. Use Slate to identify transfers who are likely denials and make a "quick decision" based on application data.	<ul style="list-style-type: none"> ● Chasing down applicants to remedy incomplete, insufficient or inconsistent data has not resulted in any real ROI and actually takes away from assisting applicants with a higher possibility of actually Humboldt ● Eliminates the need for a lot of convoluted back-end processes (no need to maintain something you don't have) ● Applicants can easily update their applications before the deadline ends ● If denials are appealed, Slate will streamline the appeal process for applicants and us, again reducing the need for convoluted back-end processes 	8/16/2023

Continue to process remaining Fall 2023 documents and Spring 2024 in Nolij until Winter Break	<ul style="list-style-type: none"> ● We recognize the need to stop using Nolij as early as possible so that we can complete the migration of documents out of Nolij and the conversion of those documents into the Content eCab. ● But we also recognize the level of manual processing and stress that such a move would impose on the impacted Enrollment Mgt staff. 	9/14/2023
