

# Rogan's List

**A version of this script with more focus on Trump's imprisonment without due process and against court orders of Kilmar Abrego Garcia and others is available [here](#).**

Court orders blocking the illegal actions of the Trump-Musk Administration have been [coming in fast and furious](#). In keeping with their dictatorial rejection of any limits on their power, the president, his unelected billionaire partner-in-crime, and their henchmen [have threatened to purge judges](#) and [strip them of their authority](#). Worse, they have openly defied judicial rulings they don't like - the Revolving Door Project has been tracking examples of court orders being flat-out ignored [here](#).

This is a constitutional crisis in motion. How we respond to it could define our future, and that starts with our elected leaders.

**Let's reach out to our elected officials at all levels – members of Congress, governors, [legislators](#), [state attorneys general](#), and elected district attorneys – and demand they respond to the White House rejecting the checks of the judiciary.**

**We now have [a Resistbot petition](#) you can send directly to your members of Congress by texting SIGN PJINMP to 50409.**

We also strongly advise folks to take the time to ensure they are plugged into the local networks where they will hear about immediate calls to protest. We must be prepared for collective action.

## CALL SCRIPTS

*Note you can find numbers for your federal election officials in one place at [reps.fyi](#). And as you are getting responses about public statements, please let us know at [roganslisttips@gmail.com](mailto:roganslisttips@gmail.com).*

Hi, my name is \_\_\_\_\_, and I'm a constituent from (city, zip). (If voicemail, leave street address).

I am calling because we have a constitutional crisis in progress. The White House is refusing to obey court orders against them and bragging about it. They're claiming judges aren't allowed to check their power, and threatening them for doing their duty to the public.

If Live:

Has \_\_\_\_\_ made a public statement about the White House defying these court orders yet?

(If not): I'm asking them to do so immediately.

(Continue to):

How else is \_\_\_\_\_ responding to the White House openly defying court orders?

(Get response)

They need to take real action. We don't have kings in this country, and the rest of the government has to use all available tools to respect and enforce the rule of law and the Constitution. Things are only going to get more dangerous the more Trump and Musk cross the line without consequences.

Thank you for your time and consideration.

If Voicemail:

I would like to know if \_\_\_\_\_ has made a public statement about the White House defying court orders yet. If they haven't, I'm asking them to do so immediately.

I also would like to know how else \_\_\_\_\_ will respond to the president openly ignoring judges. We don't have kings in this country, and the rest of the government must use all available tools to respect and enforce the rule of law and the Constitution. Things are only going to get more dangerous the more Trump and Musk cross the line without consequences.

Thank you for your time and consideration.
